Executive Committee, U. V. L. Encampment—At headquarters, in Arcade.

There would have been more glory for civilization in a rescue of the foreigners in China a month ago than in revenge today or tomorrow or any time.

During the year ending June 30 the Indiana pension office has paid out $10,807,022 56, against $10,643,629.60 the preceding year. The Indiana office ranks third in point of disbursements.

On the heads of intelligent but jealous monarchs of Europe rather than upon the heads of crazy fanatics in China should be the blood of the foreigners butchered in Pekin. And the delay to do something is continued.

England's preoccupation in South Africa is something of which she does not seem likely to be soon relieved. The Chinese crisis has served to put new spirit into the Boers, and their latest success in capturing Nitral's nek and 200 British soldiers will increase it. The gravity of the situation is increased by rumors that there are indications of an anti foreign outbreak in parts of India.

A statute in one of the states which regulates contracts of life insurance made between residents of the state and corporations of other states is held by the supreme court of the United States not to be invalid as attempting to regulate commerce between the states, because the business of fire insurance is not commerce. "The contract of insurance," said the court, "is not an instrumentality of commerce. The making of such a contract is a mere incident of commercial intercourse, and in this respect there is no difference whatever between insurance agninst fire and insurance against the perils of the sea, and, we add, or against the uncertainty of man's mortality."

Since China's war with Japan British firms have sold to the celestial empire seventy-one pieces of heavy ordnance, 123 field guns and 297 machine guns, while German firms have supplied 460,000 Mauser rifles and 3,000,000 rounds of ammunition. British, German and Russian army officers have earned good wages in teaching the Chinese how to use these things. Had it not been for all this magnificent "extension of trade" the foreigners in the flowery kingdom would not now be in such dire straits.

THE PEKIN TRAGEDY.

If a tithe of the details of the massacre of foreigners in Pekin now leaking through the mysterious censorship be true a tragedy more horrifying in its circumstances has not shocked Christendom in many centuries.

There is left not a single probability upon which to hang a hope that the crowning atrocity of the age has been enacted in Pekin. The rumors that distressed the civilized world a fortnight ago confirmed with circumstantiality that can be disputed on no rational ground. The few hundreds of foreigners who were penned up in the legation compounds of the Chinese capital held out as long as flesh and blood could endure. With artillery their weak defenses were breached and they were at the mercy of hordes of barbaric, fanatical and blood-crazed Mongols. Then came the slaughter, with what tortures and fiendishness the civilized mind shrinks from imagining.

That the legations wherein the foreigners were penned became a reeking shambles for human victims, a veritable hell of maddest murder may scarcely be questioned. The peculiar fiendishness that marked the murder of the Russian minister, M. De Giers, and his wife, gives us a clue to the manner in which the foreigners have died in Pekin.

Meanwhile, the world powers jealously watch each other, waiting for the advent of some understanding upon which China is to be parceled when conquest is completed. Weeks ago Japan was prepared to march in force on Pekin and effect the rescue of the foreigners. Today the forces of civilization are farther than ever from Pekin. The allies have been defeated at Tien Tsin and their situation has in turn become desperate.

WILL MOVE TO MOUNT CARMEL

UTILITY PAPER COMPANY MAKES A DECISION.

Factory Recently Burned at Hartford City Will be Rebuilt in the Illinois Town.

Mount Carmel, Ill., has been selected as the location for the new factory of the Utility Paper company, which is owned entirely by Fort Wayne capital. The decision was reached at a meeting of the stockholders in this city Saturday, and work will begin at once.

In the company are Messrs. Charles McCulloch, John Mohr, S. B. Fleming, Louis Fox, B. S. O'Connor, C. S. Bash, W. S. Bash and A. B Trentman. The mills at Hartford City were destroyed by fire recently, and a number of cities have been endeavoring to secure the location of the plant.

Mount Carmel, the location finally decided upon, is a town of 4,000 population twenty-four miles below Vincennes, and upon the opposite side of the Wabash river. It is the center of a fine wheat country and coal is accessible and cheap. The city has given the Fort Wayne gentlemen thirty acres of land adjoining the city park, and exempted it from city taxes, as well as making considerable concession in the matter of fuel and straw, which is largely used in the manufacture of the company's product. Some of the machinery at Hartford City was not damaged by the fire, and this will be moved to the new location. Work upon the erection of buildings will begin at once.

Mr. and Mrs. Thomas Davis, of Harmer street, celebrated their seventh wedding anniversary Saturday evening in a manner rather unexpected to them, but none the less pleasant to host, hostess and guests. The affair was a surprise on Mr. and Mrs Davis.

A SUNDAY MURDER

DRINK CAUSES A TRAGEDY NEAR CRAWFORDSVILLE.

FARMER ELLIS WAS SLAIN

BODY FOUND LYING NEAR A ROADHOUSE.

HAD BEEN A DRUNKEN BRAWL

THE GENERAL NEWS OF THE STATE OF INDIANA.

Crawfordsville, Ind., July 16.—Yesterday morning about 8 o'clock the body of Howard S. Ellis, aged nineteen years, was found lying in the weeds by the roadside near the icehouse, north of town. The body was found by some boys who were going to the creek to swim. Deputy Coroner Reegan was summoned and, upon examination, it was found that Ellis had been murdered. His face was badly bruised, and there was a hole in the back of his head, since learned to have been made with a beer faucet.

From the appearance of the place where the body was found it was deduced that Ellis had been carried there after he was dead.

Dr. E. W. Keegan, the coroner, held a preliminary inquest yesterday afternoon, concerning the death of Howard Ellis, and it was found that at 2 o'clock Sunday morning, Ellis, Jim Osborn, Howard Jeffrys, Pete Vantleven, and two others were drunk at or near the Annibal saloon, and they all engaged in a fight with beer bottles, stones, etc., and that Ellis was struck on the back of the head with a beer faucet in the hands of Osborn. It was not shown how Ellis got to the place where he was found dead.

Two hours before the body was found a man saw him lying near the road, but being unable to arouse him supposed him to be drunk. The post mortem examination revealed the fact that Ellis' skull had been cracked three inches in length, on the left side, and a blood clot was on the right side, which was made by a blow causing death.

All the persons named were easily found, and were unanimous in saying that Osborn struck the fatal blow. Osborn had kept hid, but Marshal Brothers finally found him about 5 o'clock asleep in the woods west of the Big Four trestle, and took him to jail. Osborn claims to know nothing about the matter, except that they were all drunk and had a fight.

Ellis worked for a local poultry firm, and lived with his mother, Mrs. Ellen Wilkenson, in the valley. He was known to be of a very pugnacious disposition.

WEDDING AND A $30,000 SUIT.

Hammond, Ind., July 16.—In St. Johannes Lutheran church yesterday at noon was solemnized the wedding of Antone H. Taper to Miss Louise L. Normann, both of this city. Special importance attaches to the wedding, as the groom is defendant in a $30,000 damage suit recently filed in the superior court by Miss Katie Mueller, of this city. The complaint alleges that the two were sweethearts and that in 1896 their marriage agreement was broken off by Mr. Tapper. About one year later she alleges they settled their differences and resumed their former relations. Attempts have been made to settle the affair out of court, but without success, and the case has been carried to the supreme court for trial at the next term.

MODERN SAMARITANS.

Elkhart, Ind., July 16.—Thursday night the Modern Samaritans of northern Indiana will hold a union meeting in this city, and the event is expected to bring together the largest assemblage of Samaritans in the comparatively brief history of the order. The local congress will make it the occasion of the initiation of 100 members, and the degree work is to be exemplified by the South Bend and other teams. The evening's formalities will open with a parade, headed by a band, and the degree work will then be performed, the principal meeting to be held in the Samaritan hall, which is the Odd Fellows' temple, while it is likely an additional hall will have to be provided to accommodate the crowd. After the ceremonies a luncheon will be served and some speech-making will be indulged in, though this feature is not in the formally announced program. Samaritans are expected from most, if not all, of the congresses of the order, as all are invited, though, of course, the largest representation will be from those in the neighboring towns.

SYRACUSE CEMENT WORKS.

Auburn, Ind., July 16.—The Syracuse cement works, the largest cement plant in the world, will be started in a few days. The output will be 1,000 barrels daily and over 100 men employed. The factory will run night and day, and is so equipped that the disability of one or two engines will not suspend running at full blast. Three 400-horse power engines are connected to two immense generators, which can be used either singly or together for supplying power. The motors—twenty in number, ranging from ten to seventy-five horse power each supply the machinery and light. Even the bottom of the lake is a veritable network of modern machinery. About 2,000 barrels of cement were used in constructing the foundations for the massive machinery. Of the buildings yet to be constructed one is 300x75 feet and one 100x100. Both will be built of solid concrete.

WILL NOT DISBAND.

South Bend, Ind., July 16.—Yesterday the devotional exercises concluded the ninth biennial convention of the Indiana Epworth league. The attendance throughout the convention has been fully up to expectations, and the officers and members have been enthusiastic in their work. Talk of the state organization disbanding is considered absurd, and the reports of this nature are said to be due to the dissatisfaction among members occasioned by ministers seeking to control the government of the body.

At last evening's session a special song service was conducted by Albert G. Shook, followed by the installation of the state cabinet officers. Addresses were delivered by Dr. S. L. Hamilton, of California; Rev. Rockwell Cloney, of Michigan; Rev. Levi Gilbert, D. D., editor of the Western Christian Advocate. The exercises in the afternoon were conducted by Rev. A. S. Preston, of Kokomo. The discussions were led by the following officers of the different departments:

Literary Department—Vice President Miss Helen Chick, of Evansville.

Social Department—Vice President W. S. Roney, of Terre Haute.

Junior Department—Junior Superintendent Miss Helen Johnson, of South Bend.

Mercy and Help Department—Vice President Miss Mary F. Beck, of Elkhart.

A BOY TERRIBLY MANGLED.

Bluffton, Ind., July 16.—Forrest Kizer, fourteen years old, son of Hiram Kizer, of Nottingham township, was standing by the pulley on the barn floor, unloading hay. The pulley and hook came loose, and the hook caught his arm, tearing the muscles of the forearm and breaking the tendons, besides severing an artery. Other injuries were inflicted, but the boy will recover.

TWO-THIRDS CROP OF HAY.

Portland, Ind., July 16.—Hundreds of tons of hay are being harvested in Jay county, and the general crop will be about two-thirds of what it was last year. Timothy is up to the general average, but there is a shortage in the clover. Clover seed sown in the spring promises a good cutting this fall, and this may bring up the deficit to some extent. Much Hungarian grass and millet remains to be harvested.

A $4,000 HOME IN ASHES.

Rochester, Ind., July 16.—The fine home of ex-County Surveyor Womelsdorf, of Kewanna, was destroyed by fire. Cause unknown. Loss $4,000; insurance $1,800. John Aydelotte's farm house also burned night before last, with $1,000 loss and small insurance.

MARION'S NEW MANAGER.

Marion, Ind., July 16—Billy Earle, the "globe trotter," will come to Marion to manage and captain the new team here when the Peoria franchise of the Central league is obtained.

LOSING BEAUTIFUL FEATURE.

Goshen, Ind., July 16.—The maple trees which have made this city famous because of their beauty and shade, are dying by the scores. A strange insect is working their destruction.

CALLED TO SYDNEY, OHIO.

Elkhart, Ind., July 16.—Rev. Peter Fitzwater, who recently resigned the pastorate of the German Baptist Brethren church, has accepted a call to the church at Sydney, Ohio.

A PLEA OF GUILTY PROBABLE.

Goshen, Ind., July 16.—James Hess and George Ayres, who beat George Spahr, a young farmer, to death in a saloon brawl, it is said, will enter a plea of guilty.

FOR RENT.

PREACHED HIS FIRST SERMON

REV. J. W. BAILEY OCCUPIES PLYMOUTH PULPIT.

Despite the Heat a Large Audience Greets the New Pastor of the Congregation.

Rev. J. W. Bailey, the pastor of Plymouth Congregational church recently called to succeed Rev. J. S. Ainslie, preached his first sermon as pastor on Sunday morning before an audience that was of good size in spite of the heat and the absence of many members of the congregation from the city. Rev. Bailey has a splendid address and his words were spoken with an earnestness that carried conviction. His power of enunciation is unsurpassed and his sermons are full of truths and show a depth of thought that stamps him a close and earnest student of the Bible. In the evening he preached a brief sermon, choosing as his theme, "The Fig Tree." The text was John 1:48, "When Thou wast under the fig

Mr. and Mrs. C. Ehrman have re-

"It was the same John that said those words who also said 'He came unto His own and His own received Him not.' Like the man who built a fine house and surrounded it with every comfort, and having gone away for a time, returned and found a stranger occupying it, who knew him not when he sought admission. It was the same story as the Saviour, who, when He came to His people upon the earth, they turned away, for they knew Him not.

"Christ was One who was well able to read character. He knew full well whom to approach, how they were to be approached, and whom to pass by. It was His knowledge of human character that caused Him to pass many and yet say to the fishermen, 'Follow me.' He was able to see into the future and was perfectly aware what the result of His ministry on earth would be. He wanted for associates in His earthly work men upon whom He could rely in every particular. He chose the men whom He did because in them He saw a character capable of expansion and development and fitness for their share of the work. Character as a 'reservoir of force' is well exemplified in the big army which the United Stats raised in so short a time to enforce her claims against Spain. It was the resource in reserve for any emergency, the inherent character of the people.

"Would that every young man ralized that his fidelity to the minor things that occur each day are the things that are fitting him for the work for the cause of Christ. The man who by daily prayer and faithful walk with God is one who, when the call comes, will be able to step out and do that which is required of him. While I continue as pastor here may I never have a message for your hearts that may not have in it words concerning the 'Lamb of God' which taketh away the sin of the world. Whatever I shall say to you while I am your pastor shall be said just to say this, 'Jesus Christ came into the world to save sinners.'"

"BROMO" not the same as "BROMIDE"

In buying Laxative Bromo-Quinine Tablets, the old standard remedy which CURES A COLD IN ONE DAY, be sure that it is labeled BROMO and not Bromide. At all druggists, 25c.

FOR PROTECTION OF BIRDS.

Washington, July 16.—The department of agriculture has issued regulations for the proper execution of the Lacey law for the protection and importation of birds. A circular containing the regulations has been published. It explains that the department merely purposes to supplement and not to hamper or replace the work hitherto done by the state commissions and organizations. Attention is called to the fact that while the act provides for the purchase and distribution of birds, no appropriation is made for that purpose. The department, therefore, has no quail, pheasants or other game birds for distribution. Instructions in detail are given as to what is prohibited by the act.

ROME CITY SUNDAY TRAINS.

Commencing Sunday, July 1st, two trains will run to Rome City, leaving Fort Wayne at 6:30 a. m. and at 8:30 a. m. 2 tf

SCARED INTO AN OPERATION CANCER

"I was persuaded to undergo an operation for Cancer—thought I was cured—but it has returned in worse form than ever."

We receive letters like the above every day. The disease returns because Cancer is in the blood, and cutting away the sore or tumor does no good. EVERY DROP OF BLOOD IS TAINTED

S. S. S. is the only cure for Cancer, acting as it does through the blood system and eliminating the poisonous virus which is the cause of the disease, thus allowing the sore to heal naturally.

SSS

Mr. H. L. Middlebrooks, of Sparta, Ga., writes: "My wife had an ulcer on her tongue, which began to grow, giving her much pain. The doctors were unable to do her any good, and finally pronounced it Cancer of a most malignant type. She began to take S. S. S., and after a few bottles had been used was cured completely, as no sign of the disease has returned, though ten years have elapsed."

Do not be scared into an operation; before submitting to the knife, write for our book on Cancer. SWIFT SPECIFIC CO., Atlanta, Ga.

Youngstown	23	48	.324

Manager Finn brought his alleged Gients from Youngstown to Fort Wayne to play a transferred game yesterday and the result was a big base ball slaughter. Rosebrough, who has always heretofore been effective against the Fort Waynes, assayed to pitch, but from the beginning to the end of the game his curves were driven to all parts of the lot. Brashear hit the ball over the fence the first time at bat and thereafter the left-hander was batted hard and consecutively, every member of the team except Hollingsworth making a hit, and Brashear smashing out four in five times at bat. The fielding of the Youngstowns was not good and the truth told, Fort Wayne was not any better in the field than the visitors. Ream and Kleinow were in the points for the Fort Waynes and they did fairly well, considering that it was their first time together in a professional game. Ream was very wild, giving five bases on balls and hitting four batsmen. He was effective with men on bases, however, except in the second inning, when he forced a run over the plate by giving a base on balls. Kleinow did great work behind the bat, and after the Finnites had seen him make two throws to second base and get his men by several feet they made no further attempts to steal. Outside of the heavy hitting of the Fort Waynes, there were no features of the game, the general play being very commonplace. In the eighth inning Rosebrough was given an awful drubbing, but the best story of the game is told in the following complete score:

YESTERDAY'S RESULTS.

Milwaukee, 8; Indianapolis, 2.
Buffalo, 6; Minneapolis, 6.
Detroit, 6; Cleveland, 1.

CITY LEAGUE.

STANDING OF THE CLUBS.

	Won.	Lost.	Pct.
Blues	6	1	.857
Standards	6	1	.857
Ravens	5	2	.714
Old Forts	3	4	.429
Tigers	1	6	.143
Maroons	0	7	.000

YESTERDAY'S RESULTS.

Standards, 30; Ravens, 15. Batteries—Hicks and Kull; Sheplar, Alt and McAfee.

Blues, 10; Tigers, 9. Batteries—Smith and Longfield; Kavanaugh and Storch.

The Maroons-Old Fort game was forfeited to the Old Forts.

O'Rourke, of the Blues, has been released.

NOTES OF THE GAME.

Manager Miller took Kleinow with him to Youngstown and it is possible Bergen may be sent home to rest up.

Brashear's record of a single, two-bagger, three-bagger and home run in one game is not often duplicated in a season.

The Fort Waynes and Youngstowns left for Youngstown over the Nickel Plate last night and will play three games in that city this week. The Fort Waynes will then go to New Castle for three games and return to this city with the Quakers next Sunday.

The Shamrock Juniors defeated the Brickyards by a score of 31 to 28. The features of the game were the battery work of Ryan and Haffner and the batting of Belger. Batteries—Shamrock Juniors, Belger, Ryan and Haffner; Brickyards, Diehm and Bohn.

The Shamrocks played two games in Chicago yesterday, winning one and losing the other. The Cranes were beaten in the morning by a score of 6 to 3 with Quinn, Robbins and Braden doing the battery work for the Shamrocks. In the afternoon the Chicago Unions, colored, defeated the Shamrocks 11 to 4. The Fort Wayne semi-professionals scored all their runs in one inning, O'Meara lining out a home run. Robbins and O'Meara were in the points.

The Toledo correspondent of the Cincinnati Enquirer keeps up his disreputable attack on President Power and as a result does the Interstate league no good. Mr. Power has been one of the successful minor league presidents and for four years has succeeded in keeping the Interstate league intact. When there are indications of a break he has straightened matters out and as a consequence the Interstate ranks as the best minor league in the United States. Power's great fault is the attention he pays to the kicks of Strobel and other league magnates on umpires. Strobel can deny all he pleases, but the truth only is told when it is said that he and Gilks asserted that the Toledos would not play a game when Carruthers was to umpire—and Bob is about the best there is in the Interstate.

Billy Barnie, the well known base ball manager, died in Hartford, Conn., Sunday after a short illness, he having suffered with pneumonia. Barnie was one of the best known base ball me in America and a quarter of a century ago was a great catcher. In 1892 he managed the Fort Wayne Western league team.

THE MARKETS.

Chicago, July 16.—The corn market began the day on the board of trade by attracting the major share of attention by its activity in relinquishing gains made on drought reports from the big growing belt. There were rains in Nebraska, Kansas and other portions of the belt yesterday and there were more of them today. The gladsome tidings that the drought was broken came in from all directions. Longs were heavy sellers. Sept. opened 1⅜c to 2⅜c under Saturday at 43 to 42c and sold off to 41⅜c, meeting practically no supports.

Later Sept. dropped to 76⅜c, recovered ⅞c and closed weak, 2c lower at 77⅛@¼c.

A rally to 42c followed ,but the market had practically no support and Sept. slumped to 40½c before 11 o'clock. Receipts were 720 cars. Liverpool was steady.

Wheat was weak mostly with corn, but also affected by weak cables, rains in the northwest and improved reports of crops in that section, and a slack demand. Sept. opened ⅛c higher to ¼c lower at 78c to 77⅜c and sold off to 76⅞c, reacted to 77¼c and slumped to 76½c. Receipts here were 108 cars, 17 of contract grade. Minneapolis and Duluth reported 287 cars against 196 last week and 756 a year ago.

Later the market sagged to 40⅜c, where it steadied and on covering recovered to 41¼c. The close was weak, Sept. 27⅛@3c under Saturday at 40⅞@41c.

Oats broke in sympathy with corn. September opened ¼c to ½c lower at 24¼@24c and declined to 23⅝c. Receipts were 187 cars.

The provision market was weak, hit by the corn break, large receipts and easiness in the market at the stock yards. Sept. pork opened 5@7½c down to $12.47½@45 and declined to $12.22½; Sept. lard began the session 2½c depressed at $6.85@87½, easing to $6.80@82½, and Sept. ribs 5c lower to 2½c higher, dropping to $6.82½c.

THE CLOSE.

Prices at the close were as follows:

Wheat—July, 76c; Aug., 76⅛@⅜c; Sept., 77⅛@¼c.

Corn—July, 40⅝c; Aug., 40⅝@¾c; Sept., 40⅞@41c.

Oats—July, 23½c; Aug., 23⅜c; Sept., 24c.

Pork—July, $12.05; Sept., $12.25.

Lard—July, $6 72½c; Sept., $6.80; Oct., $6.82½; Nov., $6.80.

Ribs—July, $6.70; Sept., $6.80; Oct., $6.80; Jan., $6.00.

Flax—Cash, $1.30; Sept., $1.39; Oct., $1.33¼.

CHICAGO LIVE STOCK.

Chicago, July 16.—Cattle—Receipts 20,000; steady to slow. Good to prime steers, $5.10@5.70; poor to medium, $4.50@5.00; stockers and feeders, $3.75@4.75; cows, $3.00@4.75; heifers, $3.00@5.00; canners, $2.00@2.30; bulls, $2.75@4.50; calves, $4.50@6.85.

Texas fed steers, steady, $4.20@5.00; grass fed steers, $3.40@4.10; Texas bulls, $2.50@3.25.

Hogs—Receipts today, 34,000; tomorrow, 20,000; left over, 2,400; generally 5c lower; top, $5.37½; mixed and butchers, $5.05@5.37½; good to choice, heavy, $5.15@5.37½; rough, heavy, $4.95@5.10; light, $5.10@5.37½; bulk of sales, $5.20@5.35.

THE DAY ON WALL STREET.

New York, July 16.—The depression in foreign markets on account of Chinese news did not much affect American securities and prices here were generally higher at the opening. Five thousand shares of Union Pacific changed hands in the first transactions at 56c to 55¾c, compared with 55½c on Saturday. Baltimore and Ohio and New Jersey Central were up about a point. The dealings were on a very small scale otherwise, and prices yielded a fraction after the opening.

Free offerings of Brooklyn Transit revealed stop loss orders which drove it down to 52. This had only a momentary depressing effect on the general list, as the confident buying of Baltimore and Ohio and Union Pacific produced a sharp rise all around. The leaders were taken on expectations of favorable forthcoming dividend announcements, and Baltimore and Ohio's excellent June statement. Union Pacific's rise was 1⅞ and Baltimore and Ohio 2⅛. American tobacco opened 1½ off ex-dividend and recovered fully. In the other prominent railroad and industrial stocks advances were effected easily. Brooklyn Transit came back to near 53 on a demand from the shorts.

A relapse into the semi-stagnant condition of last week was without effect on the prices. Strength in sugar was caused by a further 10 point rise in grades of the product. American ice, common and preferred, improved 2 and 1½ points respectively.

Near midday trading became more active on a rising scale.

Particular strength in the corn carrying grangers developed on news of copious rains in Nebraska and Kansas. Bonds were dull and without decided tone.

NEW YORK PRODUCE.

New York, July 16.—Butter—Receipts 13,033 packages; market steady; creamery, 16½@19c; current packed factory, 14@16c.

Cheese—Receipts 12,232 packages; firm; large, colored, 9¼@⅜c; large, white, 9¼@⅜c; small, white, 9¼@½c; small, colored, 9¼@½c.

Eggs—Western at mark, 11@13½c; for average lots, western loss off, 15c.

Sugar—Raw, firm; fair refining, 4 5-16c bid; centrifugal, 96 test, 4 13-16c bid; molasses sugar, 4 1-16c bid.

Coffee—Firmer; No. 7 Rio, 9¼@⅜c.

THE MONEY MARKET.

New York, July 16.—Money on call steady at 1½ per cent.; prime mercantile paper, 3¼@4½ per cent.; sterling exchange, firm, with actual business in bankers' bills at $4.87⅛@¼ for demand and at $4.84½@¼ for sixty days; posted rates, $4.85 and $4.87½@88; commercial bills, $4.83⅜@⅝; silver certificates, 61¾@62¾c; bar silver, 61½c; Mexican dollars, 48¼c.

THE BOND MARKET.

New York, July 16.—Government bonds steady.

DEATH OF MRS. J. L. SIEVERT

PASSED AWAY THIS MORNING FROM CONSUMPTION.

George McBride, Veteran Pennsylvania Storekeeper, is No More —Other Deaths.

Mrs. Laura Edith Sievert, wife of J. L. Sievert, passed away at 11 o'clock this morning at the family residence, 79 Calhoun street. Death was due to consumption. Nearly one year ago Mrs. Sievert's health began breaking down, though she improved later, and until three months ago seemed to be on the road to recovery. Since that time, however, she has gradually declined until death came this morning.

Mrs. Sievert was born in Ohio, and was thirty-one years of age. She was married to Mr. Sievert at Fulton, Mo., in 1893, and they removed to this city about two years ago. There are no children. Her parents and one sister reside at Wilmington, Ohio.

The funeral services will probably be held on Wednesday afternoon, conducted by I. N. Woods.

M'BRIDE.

George McBride, storekeeper for the Pennsylvania Railroad company, and a citizen of Fort Wayne for half a century, died at 11 o'clock Saturday night at his home, 374 Calhoun street. Death was due to general debility.

Mr. McBride was a native of Ireland and had reached the age of sixty-six years. He came to Fort Wayne fifty years ago, and has since been continuously a resident of this city. Surviving are the widow and an adopted daughter, Mrs. Maggie Hearlihie.

Mr. McBride was widely known, particularly among the railway people, and was highly esteemed. He was a member of St. Patrick's Catholic church, the Catholic Benevolent legion, and Ancient Order of Hibernians and the Voluntary Relief association of the Pennsylvania company.

The funeral services will be held from St. Patrick's Catholic church Tuesday morning, at 9 o'clock.

LINDER.

Willie Linder, the infant son of Mr. and Mrs. Louis Linder, of 38 Watkins street, died at midnight from cholera infantum, at the age of seven months and six days. The father of the little one is a knitter at the Wayne Knitting mills.

Funeral services will be held from the residence Tuesday morning at 9:30 o'clock.

GARMAN

John M. Garman died at Hope hospital Sunday morning from heart failure. He had been a patient at the institution several weeks and came to the city from Logansport. A brother, Scott Garmann, resides at Bath, N. Y., and a sister is Mrs. Anna S. Hamilton, of 604 McClure street, Marion.

The remains were taken to the Peltier undertaking establishment and prepared for burial. They will be shipped to Bath, N. Y.

WOJEIECHOWSKA.

The infant son of Mr. and Mrs. Stanislaus Wojeiechowska, of 8 Force street, died at 5 o'clock Sunday morning from cholera infantum, at the age of eleven months.

The funeral services were held this afternoon from St. Peter's Catholic church.

A VENETIAN NIGHT.

The Rome City Cottagers' association, composed of those who make that resort their annual watering place, are preparing to give another "Venetian night" this year and will hold a mass meeting next Sunday afternoon in the Tabernacle for the purpose of making preliminary arrangements for the celebration. The celebration last year was given under the direction of John Mohr and was a decided success in every respect Over 150 boats took part in the procession and the illuminations were very fine. This year it is expected that 300 boats will be in the procession, including a number of steam launches, which will be specially decorated. There will be a grand display of fireworks, a band concert and numerous other attractions. The celebration this year will again be under the direction of Mr. Mohr.

SAD DROWNING.

Charles L. W. Gross has returned from Anderson, Ind., where he was summoned on account of the drowning of his brother, Earl, last week. The young man was wading about in the shallow water in White river, about five miles from Anderson, and when a short distance from the bank, stepped into a hole about eighteen feet deep. There was a small whirlpool near the spot and the young man was drawn into it, and being unable to extricate himself, was drawn under and drowned. His friends made every effort to assist him, but of no avail. The accident occurred at 1 p. m. and the body was not recovered for five hours. The young man was 18 years of age and was well known in this city, where he frequently visited. He had intended visiting his brother next week.

CURTIS GUILD DECLINES.

Washington, July 16.—Curtis Guild, of Boston, Mass., who was tendered the appointment of first assistant postmaster general, to succeed Perry S. Heath, has declined to accept the office. The reason given for his action is the pressure of private business interests.

WIRE DRIVEN THROUGH FOOT

HUFFMAN STREET LAD IS BADLY INJURED.

Steel Umbrella Rib Penetrates His Foot Lengthwise a Distance of Seven Inches.

Geoffrey Frederick, the little son of Mr. and Mrs. Samuel Frederick, of 7 Huffman street, was badly injured in a peculiar manner this morning. A broken piece of steel umbrella rib, seven inches in length, was driven into the lad's foot lengthwise of the member, and Drs. C. E. and J. E. Stults were obliged to cut the metal out.

The boy was at play, and in jumping he struck the steel, which was partially imbedded in the ground. It entered the foot between two of the toes, passing through the bottom of the foot to the heel. It struck against a bone and was bent downward, and this increased the difficulty of removing the wire. It was badly rusted and this fact makes the wound still more serious. The boy is about 12 years of age and his injury will lay him up for a considerable time.

MAYOR VAN WYCK PROTESTS.

New York, July 16.—Mayor Van Wyck sent a letter today to President York, of the police board, in which the writer protests against the match between Erne and McGovern billed to come off at Madison Square Garden tonight, on the ground that the garden is not the property of any chartered boxing club; has not been leased for one year for the exclusive purpose of holding boxing matches and the fight will therefore be contrary to the Horton law. The letter was sent to Chief Devery with instructions to investigate and use his discretion.

HARRISON TO MAKE SPEECHES.

Indianapolis, Ind., July 16.—Ex-President Harrison will make a few speeches in this state during the closing days of the campaign, perhaps in the last two weeks of October. He will return from his summer home in the Adirondacks late in September or the first week in October, and as soon as he disposes of some personal matters that will claim his attention on his return he will make a few speeches in the larger cities of the state. It is said among his personal friends that he is not fully in accord with the administration in some of its measures, and especially in the legislation that placed a tariff against Porto Rico, and he also believes that congress should have legislation against trusts, which he regards as abusing their power. Notwithstanding these facts, he is said to regard the theories of Bryan as dangerous and will oppose them with as much earnestness as he did in 1896. He is taking a great interest in the election of W. T. Durbin, the republican nominee for governor, who has been one of his close friends for several years, and it is this interest, the latter's friends say, that has induced the ex-president to consent to speak in the campaign.

FRANCE DIVORCE ON TRIAL

A LARGE NUMBER OF WITNESSES TESTIFY.

Final Arguments in the White-Godfrey Case—News Gathered in the Courts.

Judge Vesey is today hearing evidence in the divorce case commenced by Flora B. France vs. Philip France. Some of the testimony is very sensational and quite racy. One witness refused to use the language which the husband is alleged to have uttered in the presence of the children and the testimony was written on a sheet of paper and handed to the court reporter. A. H. Bittinger appears for plaintiff and Wilmer Leonard for defendant.

NOTES.

Judge Vesey was to have heard arguments in the case of White vs. Godfrey, but hearing was postponed until next Friday.

The Tri-State Building and Loan association has commenced suit against J. O. Keller, the Keller Dental Manufacturing Co. et al. On petition of the plaintiffs the Fort Wayne Trust company was appointed receiver of the dental company.

The offices of Assessors Thomas Greer and M. V. Walsh were today moved from the Saengerbund building to the new court house.

Judge Vesey has admitted Gottlieb Lennenberger and John Michael to citizenship.

The following cases have been dismissed in the superior court: Perrin vs. Cromwell, Agster vs. the Fort Wayne Traction company, Bufink vs. Knowlton, Feichter vs. Knowlton, Dennis vs. Knowlton.

George W. Brower has commenced suit for $2,500 damages against Frederick J. Hayden.

'Squire France fined Lena Metz $1 and costs for assault and battery on a lad named Lester E. Miller.

NO VISITORS DISTURB BRYAN.

Lincoln, Neb., July 16—For the first time since he was nominated for president, William J. Bryan had no political visitors yesterday. With his family he attended church in the morning, and from there went to the funeral of Deputy Auditor of State C. C. Pool, who died Saturday. Mr. Pool was one of Mr. Bryan's oldest friends and supporters. Mr. Bryan and a few local friends drove to the thirty-acre suburban tract owned by the presidential candidate, and spent a part of the afternoon. It is a sightly place, which Mr. Bryan likes to visit, and where he will build, eventually, a home in which to live permanently. The party was obliged to hurry to the city to escape a drenching rainstorm, which served to keep all indoors the rest of the evening. The present week Mr. Bryan hopes to make good headway in the work he has on hand. The bulk of his correspondence, which accumulated during the busy times of convention week, is nearly disposed of, and the more exciting duties of preparing for the campaign will be given attention. It is not improbable that he may find an opportunity before going to Indianapolis of taking a short fishing trip, but this will be secondary to actual duties, and he has no other plans mapped out, he says, than remaining in Lincoln. The date of leaving for Indianapolis is not announced.

The horse business is good all the world over. One hundred and fifty thousand horses and mules have been landed in South Africa since the beginning of the war.

In Boston recently four persons died from lockjaw. All of them received wounds in their patriotic celebration of Bunker Hill day. Giant firecrackers were the particular agents of their misfortune.

Use The Sentinel Want Columns.

DAVID CITY, Neb., April 1, 1900.
Genesee Pure Food Co., Le Roy, N. Y.:
Gentlemen:—I must say in regard to GRAIN-O that there is nothing better or healthier. We have used it for years. My brother was a great coffee drinker. He was taken sick and the doctor said coffee was the cause of it, and told us to use GRAIN-O. We got a package, but did not like it at first, but now would not be without it. My brother has been well ever since we started to use it. Yours truly,
Lillie Sochor.

EVANS RESIGNS.

WELL KNOWN BOOKKEEPER GOES TO CHICAGO.

IMMENSE EXCURSION PARTIES

NEARLY EVERBODY ON THE MOVE YESTERDAY.

MAN KILLED AT FOSTORIA

WALKING ON TRACKS WHEN RUN DOWN BY TRAIN.

Bert W. Evans has resigned the position of bookkeeper for Rhinesmith & Simonson, the lumber dealers and manufacturers of doors and sash. He has accepted a responsible position, similar in character to the one he has just vacated, with a large manufacturing establishment in the Windy City, and went up there last evening with the intention of assuming the duties of the office this morning. Mr. Evans has been in the office of Rhinesmith & Simonson ever since he finished his school term, first in a minor position and later succeeding his brother John Evans, when that gentleman was called to the city hall building in a responsible clerical position. Bert is a member of Westminster church and for eight or nine years has been prominently connected with all the movements looking toward the advancement of that congregation and the cause of christianity in general. He is also popular with all his acquaintances and, while they will rejoice in his advancement, they will regret his removal from the city. His successor at the office of Rhinesmith & Simonson has not been selected. The position is a desirable one and there will be no lack of applicants.

TEXTILE WORKERS' UNION.

A branch of the National Union of Textile Workers of America was organized here Saturday evening, the meeting being held at Randall hall. A meeting had been called for that purpose a week ago, but a terrific storm compelled a postponement until last Saturday, when fully 200 of the Knitting mills' employes were in attendance. The membership roll embraces nearly the entire force in the mills and the union is destined to become one of the strongest labor organizations in the city. George R. Hench, John Koch and Thomas Phillips composed the organizing committee from the Trades and Labor council and the new union will be represented in the council by Mesdames Feigel and Neise and the Misses Gertrude Webber, Sadie Klepper and Hannah Leitchsinn. The officers of the union are:

President—Miss Gertrude Webber.
Vice President—Miss Elsie Ludwig.
Recording Secretary—Mrs. Short.
Financial Secretary—Miss Mamie Volmey.
Treasurer—Miss Edith Norwie.
Conductress—Miss Lydia Shaughnessy.
Wardeness—Miss Anna Nehr.
Trustees—Misses Lillie Wellmeyer, Annie Shophorst and Lizzie Greive.

The organization of this body of workers about completes the work of the organizing committee, as nearly every trade or class of labor is now organized into a union.

FRANK WOULFE PROMOTED.

Frank J. Woulfe has been fully installed as general agent of the Lehigh Valley road with headquarters at St. Louis, in accordance with the notice of his appointment to the position made in The Sentinel a short time ago. Mr. Woulfe is a Fort Wayne boy and has many friends here who will note with pleasure his advancement in his chosen vocation. Twenty years ago Frank was for a short time reporter on The Sentinel staff, but he retired to accept a clerical position in the Wabash freight office and he has advanced rapidly in that line.

YESTERDAY'S EXCURSIONS

Nearly everybody seemed on the move yesterday. Those who did not remain at home to entertain visitors from other towns or did not go to the park, went to one or the other excursion points out of the city. At least this is the impression gained by inquiries at the depots and the street car offices. Manager Scott, of the Fort Wayne Traction company, reports the largest Robison park business of the season and some of the ticket agents make a similar report.

The Lake Erie and Western had an excursion from Indianapolis to this city and it required twenty cars and two locomotives to handle the crowd, which numbered over 800 persons.

The Findlay, Fort Wayne and Western brought in a larger crowd than usual, it numbering 146.

The Grand Rapids and Indiana carried nearly 1,000 people to Rome City, the two trains being loaded to their full capacity. Besides 400 trip tickets taken up by the conductors, there were 522 excursion tickets, the greatest number of the season.

The Wabash sold 144 tickets to Toledo and thirty-seven to Put-in-Bay, which is also better than any of the previous excursions except the one taking the "fans" to Toledo to see the opening ball game.

MAN KILLED AT FOSTORIA.

John Fisher was run down by Nickel Plate train No. 5, at Fostoria, Ohio, at 5:30 last evening, cutting off both legs between the ankles and the knees. The wounded man was picked up by the railway employes and conveyed to a hospital, where everything possible to save his life was done, but in vain and he died at 5 o'clock this morning. Fisher was a laborer and was in poor health, having only recently left a hospital in Cincinnati, where he was treated for diseased eyes. He was en route east and in Fostoria he stepped off of one track to allow a freight train to pass and did not notice that the passenger train was approaching in his rear. He had no relatives nor friends, he said, who would be likely to be interested in him and he will be buried by the Fostoria officials.

WRECK AT LAFAYETTE.

The second section of freight train No. 75, on the Pittsburg road, ran into a work train at Lafayette, Ohio, shortly after 4 o'clock Saturday afternoon. The engines, Nos. 228 and 248, each had their tank frames broken and the tanks themselves were considerably battered. Two flat cars were completely destroyed and others were slightly damaged. The tracks were blocked until 11 o'clock and some of the passenger trains had to detour, while others awaited the clearing of the tracks and were greatly delayed. Engineer W. H. Shelby, of the freight train, was more or less bruised, but not seriously hurt. George VanArsdale was at the throttle of the engine on the work train. He was not injured. The engines were brought here for repairs last night.

NEW DETROIT SERVICE.

Col. R. G. Thompson is negotiating a deal, which, if successful, will give our people an opportunity of visiting Detroit and returning here any Sunday during the summer and fall months. The train leaving this city at 5:50 in the morning reaches Toledo in time for its passengers to take the steamer for Detroit, but there is no train out of Toledo in the evening upon which the passengers could return here at a seasonable hour. Mr. Thompson proposes a special train which will leave Toledo at 9:30 in the evening, after the arrival of the boat from Detroit, to bring the Fort Wayne people and those from intermediate points home. Such a service would be appreciated by our citizens and no doubt would be a money-maker for the Wabash road. Colonel Thompson hopes to effect the foregoing arrangements this week and may be ready to announce the service for next Sunday.

THE LAKE SHORE WITHDRAWS.

Agent Liggett, of the Lake Shore, was this morning notified that that company had today severed its connection with the Northern Mileage association. The Lake Shore some weeks ago became connected with the Central Mileage association and it finds it unprofitable to belong to two associations of that character, hence the withdrawal from the Northern.

INDUSTRIAL NOTES.

W. F. Urbahns, Nickel Plate train dispatcher, is spending a week at Rome City.

Louis Gronau, of the Pittsburg shops, is kept at home by the illness of his wife.

Frank Closs has returned from Blue lake and resumed his place in the electric works.

Alonzo Schwank has returned from Richmond, Ind., where business for the electric works kept him several days.

W. G. Dragoo, a Pittsburg conductor, has been assigned to the Warsaw work train temporarily. He went down there yesterday.

Merch Baldwin, Nickel Plate train dispatcher, is sick at St. Joseph hospital. His ailment is not of a serious character and he will soon be about as usual.

Among the car builders at the east shops who are off duty today are R. H. Lehman, finger mashed; M. Lackey, J. J. Fielder, H. Lauer and J. E. Koons, sick.

General Manager L. F. Loree, of the Pennsylvania company, is in Chicago today. He passed through this city in his private car this morning on No. 15.

A seven-car train load of emigrants passed through the city this morning, over the Nickel Plate, running as the second section of passenger train No. 5, due here at 2:25.

The Grand Rapids and Indiana officials, including President James McCrea, General Manager J. H. P. Hughart and Superintendent J. W. Hunter, will start upon an inspection tour of the road tomorrow. Their train starts from Richmond and will reach this city in the afternoon.

Foreman Joseph Slater, of the Bass blacksmith shop, will go to South Bend and Mishawaka, Ind., tomorrow to close a contract for some forgings.

Mrs. Joseph Gaskins, wife of the Pittsburg passenger fireman, will arrive home this evening. For two or three weeks she was visiting relatives at Terre Haute.

Theodore Dobler, chief clerk in Foreman P. J. Scheid's office at the Pittsburg round house, is sick and the duties of the office are being performed by W. F. Ropa.

Dr. E. F. Wagner, medical examiner for the Pennsylvania relief department, went to Cleveland this morning to attend a meeting of the board and will not return until Wednesday.

Supt. A. M. Schoyer, of the eastern division of the Pittsburg, Fort Wayne and Chicago road, passed through the city this morning, en route to northern Michigan for a brief sojourn.

Operator Finan, of Selby, on the Pittsburg, is taking a vacation and called upon his friends in the company's offices here today. He will go to Monroeville this evening to see his father.

Machinist James Olive, who was struck by lightning some days ago, was able to resume his duties in the Wabash shops this morning, none the worse for his experience with the electric fluid.

Bert Brown and F. G. Wilhelm have resumed positions of brakemen on the Pittsburg road. Some time ago they were transferred to the Erie and Ashtabula branch and put into yard service.

E. S. Turner, J. J. Beugnot and L. F. Johnson, who were engaged upon some special work for the Pensylvania at Pittsburg, have completed that task and Saturday returned here to resume their respective positions in the company's works here.

Theodore Bly, assistant yard master of the Pittsburg, was sent to Chicago to secure accommodations for Grand Army headquarters for Fort Wayne. Besides being a veteran in railway service, Mr. Bly is also a veteran in the service of his country.

July 25, when the Island Park assembly opens, the Grand Rapids and Indiana road will put on an evening train to and from the resort, in order to give Fort Wayne citizens an opportunity to attend the lectures. The train will leave this city at 5 o'clock and returning, leave Rome City at 10:30 o'clock.

C. I. Hale, a Pittsburg fireman, was taken sick at Valparaiso yesterday and Road Foreman Colmey sent Fireman L. F. Burnell to relieve the sick man. Firing a big locomotive these hot days is not a pleasant nor wholesome task and that there are not more failures is the wonder of the hour in railway circles.

The train sheets at Yardmaster Brill's office show that there were handled last week at the east yards 172 trains. They were divided as follows: On the Pennsylvania—eastbound, 1,929 cars, westbound, 2,363 cars. On the Grand Rapids and Indiana—northbound, 428 cars; southbound, 582 cars. For a midsummer week this is an excellent showing.

Mr. and Mrs. Frank Sessions and children left today for Columbus, Ohio, where they will reside in the future. Mr. Sessions was formerly connected with the electric company, but resigned some time ago to take a position in Chicago. Recently Mr Sessions had a flattering offer from a firm in Columbus, which he accepted, and came here on Saturday to take his family with him.

Edward J. McMahan went to the Wabash railway hospital this morning to receive treatment for an injury which threatens to develop into blood poisoning. He hurt one of his hands slightly last Friday, and yesterday the member became inflamed and very painful. Mr. McMahan recently came here from Frankfort, where he was employed in the Clover Leaf shops.

William M. Brizzolari has accepted a position with the Belden & Larwill Electric company and will soon be a citizer of Fort Wayne. Mr. Brizzolari is an expert electrician and for a number of years had charge of one of the departments at the Fort Wayne Electric works. Two years ago he went to Laporte to join his father-in-law, W. H. Phelps, in the manufacture of some of that gentleman's inventions.

H. L. James is confined to his home, No. 23 Ewing street, with a fractured leg. While riding his wheel on Washington street Saturday afternoon, he colided with a buggy, which was crossing the boulevard on Ewing street, and he was thrown to the pavement with the foregoing result. The ambulance conveyed the unfortunate man to his home. Mr. James is a painter and is employed in the factory of the Indiana Road Machine company.

A number of Pittsburg shopmen, who had been on the sick list or were off duty on account of accidents, reported for work this morning, included being the following: J. P. Schramm, M. Schenlein, John Conners, Thomas Williams, C. Trabaugh, William Dryer, James Roche, Michael Kelliher and Philip Lordier. The latter has been sick with rheumatism ever since last March.

The Grand Rapids and Indiana pay car will arrive in the city tomorrow and the Pennsylvania car the following day.

Foreman T. J. Rodabaugh, of the Pittsburg blacksmith shop, has returned from a business trip to Denison, Ohio.

Joseph Gaskins, who had a hand burned last week, was able to resume work this morning. He is a passenger fireman.

Machinist Allen Hamilton, who is also a member of the school board, has returned from Grand Rapids, where he was the guest of friends and relatives over Sunday.

Switchman Harry Fink, of the Pittsburg, has been transferred from the warehouse engine to the east yards, and Charles Malcomb has taken the position in the warehouse engine crew.

A. Tassler and George Meyers, of the Pittsburg shops, are sick and off duty. The following are off duty for unknown reasons: G. Ketchum, R. Volz, W. Lepper, W. J. Richard and M. McGarry.

Mr. and Mrs. A. Parks, of 168 Madison street, have returned from Rome City, where they spent a couple of weeks most pleasantly. Mr. Parks is a trainman on the Grand Rapids and Indiana road.

Contractor H. A. Grotholtmann will give his Sunday school class an outing at Robison park Thursday evening, the scholars meeting at the transfer corner at 7 o'clock and going to the park with their teacher in a body. Mr. Grotholtmann has charge of the Bible class at St. John's Reformed Sunday school and has about twenty scholars.

Indianapolis Journal: "The grievance committee of the Brotherhood of Locomotive Firemen is in session from day to day in Chicago, considering the question of fixing the new monster type of locomotives. The sessions will probably result in asking that the firemen of such locomotives be given shorter runs, or that two firemen be employed."

J. D. Wright, who has charge of the turntable at the Pittsburg round house, is entertaining some visitors from Altoona, Pa. They are Mrs. Margaret Rice, her daughter, Miss Anna Rice, and granddaughter, Miss Adelia Rice, and they will remain here a week or two. Mrs. Rice is the mother of Charles Rice, an employe of the Pittsburg blacksmith shop, who died here some time ago.

A small menagerie, consigned to Martin J. Weller, Reed City, Mich., passed through the city this morning. The baggage car in which the animals were carried broke and a transfer was necessary at this point. The aggregation consisted of three large lions and two cubs and some boxes filled with snakes and it was in charge of a lady with masculine voice and amazonian form, who personally directed the transfer of the cages from the crippled car to another.

TO OPEN HEADQUARTERS.

The democratic county committee at the meeting held Saturday decided that headquarters in the Foster block should be opened permanently this week and Chairman Berghoff has already employed John Wilkinson to act as clerk during the campaign. The doors of the headquarters will probably be open every day after tomorrow.

Joseph Haley, sr., has gone to Pittsburg on a ten days' business trip.

MAY OPEN WARSAW AND LEITH

BOARD OF WORKS CONSIDERS THE MATTER.

Final Awards of Webster and Thomas Street Pavements Made Tomorrow.

There is a prospect that Leith and Warsaw streets, in the Seventh ward, will soon be extended. Leith street is opened to Lafayette now, but the residents of the Seventh ward are desirous that it should be opened to Hanna and the board will probably soon grant the request. An effort is also being made to have Warsaw street opened from Pontiac street south, but it is probable this request will not be acted upon this season. The board of works and engineer are now trying to determine benefits and damages provided the streets are opened and much will depend on the estimated cost.

MUNICIPAL NOTES.

The board of works will hold a special meeting tomorrow morning to make final decision in the matter of paving Thomas street, from Pontiac to Thayer street, and Webster, from Berry to Jefferson. The five days' limit given property owners to change the decision of the board as to material will expire in the morning. It is believed that there will be no objection offered to the decision of the board and that Webster will be asphalt and Thomas brick.

A remonstrance against granting an interurban franchise on Clay street is being circulated among the property owners of that street and will be filed with the board of works. The residents of the street object to the Maumee Valley Traction company being permitted to construct tracks on the street.

THE HORSE SALE
Of the season will be held at the Pittsburg and Fort Wayne Stock Yards, Fort Wayne, Ind., beginning at 10 a. m. Tuesday, July 17.
150 MONTANA HORSES.
Seventy-five head of one and two year old, and seventy-five driving and general purpose horses. All good size, heavy bone and well bred. These colts are all sired by the best bred English sires, Percheron, Normans and Belgium horses, and when matured will make horses weighing from 1400 to 1600 pounds.

THE WEATHER.

Chicago, July 16.—For Indiana—Rain tonight, Tuesday occasional showers; moderate temperature, southerly winds.

THE TEMPERATURE.

The weather today is much cooler than that of yesterday and a refreshing breeze from the west makes the day plasant. The highest temperature of the year was recorded Sunday afternoon at 1 o'clock, when the thermometer registered 94 in the shade. The temperature today was as follows:

6 a. m.	74
7 a. m.	74
8 a. m.	74
9 a. m.	76
10 a. m.	79
11 a. m.	79
12 m.	79
1 p. m.	82
2 p. m.	80

LOCAL LINES.

Attorney W. P. Denny is at Rome City.

George Jacobs is at Chicago on a business trip.

Big Bunches Best Celery, 19c.
Plenty Spring Chickens, live and dressed.
Will be open Tuesday evening.
SKELTON GROCERY CO.,
Home Phone 306; Bell Phone 315.

SODA WATER SYRUP IMPURE.

Astounding Results of Analysis at Connecticut Agricultural Station.

New Haven, Conn., July 14.—The chemists at the Connecticut agricultural station have found that out of ninety-two samples of soda water syrups examined from local fountains fifty-six contained glucose, salicylic acid or coal-tar dyes and artificial flavors made from chemicals instead of fruit.

Drinking these poisonous syrups produces diarrhoea and indigestion. In a single glass of soda water the chemists found enough red bordeaux dye to dye a six-inch square of woolen cloth a most brilliant color.

To avoid the effects described in the above, lovers of soda water should take the precaution to see that they get only the pure fruit juices. Mr. A. C. Aurentz, of 18 West Berry street, is a pioneer in the advocacy of pure soda water and has never used the extracts, etc., as most other dealers do, but has always put only the pure fruit juices into his syrups. His patrons appreciate his care in this regard, for thereby they have been able to indulge their appetite for soda without suffering any evil consequences.

NEWS IN POLICE CIRCLES

FOUR DRUNKS AND TWO VAGS BEFORE THE MAYOR.

Officers Working on Clues to the Heersche Robbers—The Policy Game.

Mayor Scherer was confronted by six prisoners when police court met this morning. Four of the prisoners were charged with drunkenness and two with vagrancy. John Allen, a drunk arrested by Superintendent Gorsline Saturday evening in the Weber hotel, was assessed a fine and costs amounting to $11, and settled. Allen was making trouble at the Weber when Superintendent Gorsline happened along and placed him under arrest. Anthony McGinnity, Joseph Collins and August Dammeyer are the names of a trio of Sunday drunks arrested by Officers Paul, Murphy and Heller. They were sent to jail for twenty-one days. James Kelley and John Burns, vagrants, picked up by Officer Greer, were sent to jail for sixteen days.

HUNT FOR ROBBERS.

The police department is still hunting for the men who robbed Herman Heersche's saloon last week. Little by little clues are being placed together until the officers now have a pretty concise idea of who they are hunting for, although they refuse to give names. Detective Coling is devoting much of his time to hunting these clues and if the fellows are still in the city or in any of the near by towns the police believe they will soon be in jail.

THE POLICY GAME.

The trial of the policy ticket peddlers will occur next Friday before 'Squire Ashley, of St. Joe township. Meantime the police are keeping a sharp lookout, but it is intimated that the agents of the Covington company are still doing business on the quiet, although the police officers cannot locate their tickets.

PURCHASE CHURCH PROPERTY.

The trustees of the English Lutheran Church of the Redeemer purchased the lot at the corner of Washington and Fulton streets upon which the church stands, from George C. Taber on Thursday of last week. The sum paid for the ground was $5,000, and considering the advantageous location of the property, it is considered a great bargain. The church has a large and growing membership and within a few years expects to erect a new and more commodious structure to accommodate the congregation. Next year a number of improvements will be made on the present building. It will be raised several feet and a basement will be added, to be used as a Sabbath school room and lecture room. The congregation also will erect a parsonage in the rear of the lot and make other improvements on the property.

Dr. and Mrs. D. W. Moffat and little son, Will, leave this evening for Charlevoix, Mich., where they intend to spend a few weeks. The session of the church will provide for a supply for his pulpit during his absence and next Sunday, Rev. J. M. Seymour will preach. Rev. Seymour was formerly pastor of Plymouth Congregational church in this city, but some time ago took charge of a Presbyterian church in Ohio. He is visiting his daughter, Mrs. Paul Mossman, of this city.

Prince Tuan Puts to Death 3,000 Chinese Who Petitioned Him to Spare Foreigners.

NO FOREIGNER ALIVE IN PEKIN

WASHINGTON, JULY 16.—A DISPATCH HAS REACHED OFFICIAL CHINESE QUARTERS HEREOF A SHOCKING TRAGEDY IN PEKIN NEVER BEFORE SHOWN IN ANY OF THE REPORTS FROM CHINA. THIS APPEARS IN A PAPER PRINTED IN THE CHINESE TEXT, AND, ALTHOUGH IT IS IN NO WAY OFFICIAL AND MAY BE A PART OF THE EXAGGERATED GOSSIP OF THE SITUATION, IT HAS NONE THE LESS ATTRACTED THE ATTENTION OF THE CHINESE MINISTER HERE. ACCORDING TO THIS CHINESE REPORT THREE THOUSAND CHINESE OFFICIALS OF PEKIN ENGAGED IN THE GOVERNMENT'S SERVICE UNITED IN A PETITION TO PRINCE TUAN TO SPARE THE FOREIGNERS AND AFFORD THEM EVERY PROTECTION. IN RESPONSE TO THIS, ACCORDING TO THE CHINESE REPORT, PRINCE TUAN ORDERED THAT THOSE WHO HAD UNITED IN THE PETITIONS BE KILLED AND THE ORDER WAS CARRIED OUT.

London, July 16.—Every European in Pekin has perished.

This is now officially admitted by Shang, the Taotai of Shanghai, who gets his information through the governor of Shantung. The massacre, according to him, took place on the morning of July 7, after a fierce battle lasting all night.

This is not all the bad news from China.

The allies have had desperate fighting at Tien Tsin and sustained heavy losses, amounting to 150 in one day alone.

Even Shanghai is now seriously threatened. The boxers are concentrating in large numbers near the city, which is poorly prepared for defense. There are grounds for suspicion that the viceroys and governors, who have heretofore alleged friendliness to the Europeans, and who gave out the report that they would opose Prince Tuan's schemes, are playing a double game.

Li Hung Chang and Liu Kung Yi, the viceroy of Nanking, as well as the rest are believed to be secretly preparing to join the general movement for the extermination of the foreigners.

Li Hung Chang's latest announcement is that he will go to Pekin immediately. In the meantime he has ordered 10,000 black flags, under General Liu Yung Fuy, to proceed to the capital.

SIGNAL FOR MASSACRE.

His departure is expected to be the signal for a general massacre of the foreigners in Canton province.

The Pekin massacre is bound to make the war to a great extent one of revenge, and the constantly increasing armies which the powers are sending east indicate their appreciation of the gravity of the situation. In fact, it is predicted by many conservative military men familiar with the Chinese and their recent improvements in the army system that 500,000 Europeans will be necessary to bring the war to a successful termination.

STORY OF PEKIN MASSACRE.

The most complete story of the Pekin massacre to reach London in point of details is published by the Daily Mail this morning, whose Shanghai correspondent last Thursday sent the first account of the affair which had the appearance of an authentic basis. The following message was filed at Shanghai last night (Sunday) at 8 o'clock, and by the payment of urgent rate came through in less than eight hours' time.

ABSOLUTE CONFIRMATION.

"I deeply regret I have to confirm absolutely and fully the announcement which I cabled on Friday in effect that the legations at Pekin were destroyed the night of July 6-7, and that all the British and Europeans were massacred.

"Further official Chinese messages, one from the government of Shan Tung, were received here yesterday (Saturday), confirming the dread tidings.

BEGIN ATTACK ON JUNE 25.

"On June 25 the boxers and the imperial troops gradually increased in numbers and massed themselves around the British legation, camping in the streets and in places laid waste by the boxers. Daily sorties were made by a small body of defenders, who met the Chinese in the streets, inflicting severe punishment. These sorties often took place at night, so that the great courage and energy of the little force gradually compelled the Chinese to retreat from the immediate vicinity of the British legation. These reverses having a disheartening effect, there began to be open signs of disaffection and frequent desertions to the troops of Prince Ching, who was endeavoring to co-operate with the besieged.

GENERAL ATTACK.

"Ultimately Prince Tuan decided to make an organized night attack. Having secured a plentiful supply of ammunition for the heavy guns, a conference of the Chinese leaders was held, and a regular plan of attack was agreed upon by three powerful columns with strong reserves.

OPEN WITH ARTILLERY.

"At 6 p. m. on July 6 fire was opened with artillery upon the British legation, where the Europeans concentrated, for two hours.

"The walls of the building were battered by shot and shell and huge breaches made in them.

"Then a general advance was ordered. The Chinese infantry, volleying constantly, moved towards the gaps. The fire of the defenders, however, was so accurate and steady that the hordes of Chinese soldiers and boxers broke and fled in the wildest confusion, leaving large numbers of dead and wounded around the legation. They were not rallied until out of rifle range. Then Prince Tuan, making a desperate appeal, induced them to return to the attack.

CHING AIDS LEGATIONS.

"Artillery fire was resumed, and at the middle watch a second attack was attempted, but before the attackers could accomplish their object they were met by Prince Ching and General Wang Weng Shao with troops going to the aid of the foreigners.

"A desperate battle ensued between the various forces of Chinese and Manchus. Unfortunately many of Prince Ching's troops deserted to Prince Tuan and Prince Ching fell. It was supposed at the time he was killed, but a search for the body the next morning was unsuccessful and it is now believed he was only wounded, carried off, and secreted by faithful retainers.

CHINESE DEFENDER FALLS.

"Wang Weng Shao, although a gray-haired old man of seventy, valiantly led the troops in person. He was killed and his force, being completely outnumbered, was routed.

KEEP UP ATTACK.

"Throughout the night repeated attacks were made on the legation, but were invariably repulsed with heavy losses.

"Toward the end of the third watch, about 5 a. m., the allies practically defeated the besiegers, who were wavering and gradually withdrawing, when General Tung-Fuh-Siang arrived from the vicinity of Tien Tsin with a large force of Kansu braves.

BUILDING IN RUINS.

"By this time the walls of the legation had been battered down and most of the buildings were in ruins from the Chinese artillery fire.

"Many allies had fallen at their posts, and the remaining small band still alive took refuge in the wrecked buildings, which they endeavored to hastily fortify.

"Upon them the fire of the Chinese artillery was now directed.

"Towards sunrise it was evident that the ammunition of the allies was advances of the Chinese in force had failed to draw a response, it was clear they were completely exhausted, and a rush was determined upon.

"Thus standing together as the sun

(Continued on Fifth Page.)

THE ALLIED FORCES MEET FIERCE REPULSE

American and Europeans Attack Walled City of Tien Tsin and are Defeated With Heavy Loss by Chinese.

COLONEL LISCUM OF THE NINTH REGIMENT IS KILLED

Washington, July 16.—The navy department this morning received official confirmation from Admiral Remey of the reverse of the allied forces at Tien Tsin on the morning of the 13th. The dispatch is dated Che Foo, July 16, and says:

"Reported that allied forces attacked native city morning of 13th; Russians right with Ninth infantry and marines on the left. Losses allied forces large.

"Russians 100, including artillery colonel; Americans, over thirty; British, over forty; Japanese, fifty-eight. Including colonel: French, twenty five. Colonel Liscum, Ninth infantry, killed; also Captain Davis, marine corps; Captain Lemley, Lieutenant Butler and Leonard wounded. At 7 evening allied attack on native city was repulsed with great loss.

Returns yet incomplete; details not yet confirmed. Remey."

THE ALLIES REPULSED.

[Copyrighted, 1900, The Associated Press.]

Tien Tsin, July 13.—(Via Che Foo, July 15, and Shanghai, July 16) At 2 o'clock this afternoon 7,000 of the allied troops were attempting to storm the wall of the city. The attack began at daylight. Its success is doubtful. The Chinese on the walls are estimated conservatively at 20,000. They are pouring a terrific hail of artillery, rifle and machine gun fire upon the attackers.

The Americans, Japanese, British and French troops are attacking from the west and the Russians from the east.

The Americans suffered terribly. As the Associated Press representative left the field the chief surgeon of the Ninth infantry said a conservative estimate was that 25 per cent. of the Americans were hit.

Col. Emerson H. Liscum is reported to have been mortally wounded, as he was walking in front of the troops. Major Regan and Captains Burkmiller, Wilcox and Noyes are among the wounded.

The marine losses include Captain Davis, killed, and Butler, Leonard and several others, wounded.

Officers declare that it was hotter than Santiago.

When the correspondent left the Americans were lying in the plain between the wall and the river under an enfilading and a direct fire. It was equally difficult for them to advance or retire. The correspondent counted 300 wounded men of all nationalities.

ADMIRAL SEYMOUR'S DESPERATE MERCY TO WOUNDED.

New York, July 16.—A dispatch to the Journal and Advertiser from Tien Tsin, July 8, says:

Ineffectual attempts have been made to conceal the horrible fact that Admiral Seymour was compelled to shoot his own wounded during the recent disastrous retreat of the Pekin relief expedition. All the wounded and prisoners who fell into the hands of the Chinese were frightfully tortured.

The bodies of two marines who were captured by the Chinese were recovered. The bodies had been cut into pieces. First the eyes had been hacked out, then the cheeks, arms and legs cut off, until death ended the sufferings of the poor fellows. When Admiral Seymour, in his retreat, found himself so hard pressed that he was unable to longer carry his wounded with him, he asked them:

"Which do you prefer, to be left to the mercies of the Chinese or be shot by your own comrades?"

As Admiral Seymour put the question the tears were running down his cheeks.

"We prefer death to torture. Shoot us now that we may die like men," was the piteous response of the helpless men.

A firing squad was told off and while the little allied forces stopped and beat off with gun fire the Chinese horde that surrounded it, inside its lines an act of mercy was performed as the firing squad carried out its orders. A few merciful volleys from the rifles in the hands of friends and the harrassed expedition was relieved of its burden of wounded; the fanatical Chinese horde was cheated of victims for its torture, and the sufferings and fears of the unfortunates were brought to an end in an honorable death under their own flag.

The British and American forces are brigaded together on the west side of the town; the Germans and Japanese on the south side; the French and Russians on the north and a force of cossacks hold the east side.

Scouts report that imperial Chinese troops have arrived from Pekin, well equipped and with many guns. Troops of native cavalry and hordes of boxers are coming from the east and south.

MINISTER WU SAYS THE ALLIED FORCES BLUNDERED.

Washington, July 16.—News of the battle of Tien Tsin, as brought by the Associated Press cables direct from the field, was conveyed to the Chinese minister early today. The minister followed the recital with wrapt attention, interrupting with expressions of astonishment and profound regret at this startling development.

He was particularly impressed with the detailed names of the American killed and wounded, which appeared to remove every shadow of doubt, and he asked as to the various officers and their families.

The scene of the fighting came home vividly to the minister, as he has lived for a long time at Tien Tsin, the close friend and associate of Li Hung Chang during the latter's viceroyalty there, and every detail of the engagement around the walls could be followed by him with a personel knowledge of the surroundings.

COULD SEE THE SCENE.

In his mind's eye he pictured before him the scene of action.

Here he pointed out, was the great walled city, within which the native Chinese population lived. Below the walled city, a full hour's ride by chair, lay the foreign settlements, or concessions, or compounds. At this latter point, well away from the walls of the main city, the foreign citizens with the allied troops, have until now been located. The news of the fight at the walls meant, therefore, that the allied forces had advanced from their position well down the Pei Ho and had attacked the city itself. The outcome of this move he viewed with the utmost concern. He spoke with a good deal of freedom, but asked to be excused from any public declaration on the subject. In the most sympathetic terms, however, he expressed his horror at the latest developments, declaring that to no American home could the news bring deeper regret than to himself.

At the other legations and embassies the same feeling of dismay prevailed.

Although Minister Wu will make no public utterance, the Associated Press is able to give what is believed to be the aspect of the situation from the Chinese standpoint.

ALLIES MADE BLUNDER.

According to this view the move of the allied forces from the foreign settlement, down the river, upon the native walled city, was not only unfortunate, but was fraught with the greatest danger. With the fates of the foreign legations and ministers at Pekin still in doubt, the allied forces might well have turned their attention to cutting a way through to the rescue of their officials and citizens at the capitol.

In that event, it is said, the normal conditions around Tien Tsin would have continued, and the status quo there maintained. But by an assault on the walled city the natives within the city might naturally be expected to defend themselves, believing that their homes were about to be attacked. They have been penned up within the city, knowing nothing of what has occurred without and, from the Chinese standpoint, it probably will be found that it was in a defense against an unexplained attack that the present slaughter occurred.

TALK OF A COMMISSION.

One of the suggestions of the day, made in an official quarter, is that a commission be at once appointed to proceed to China and investigate the facts of the present situation, thus giving a basis for intelligent action. At any other time the suggestion probably would be welcomed as a means of clearing up the doubt of unreliable Shanghai reports, but now the situation appears too dispulate to await the slow processes of a commission.

The name of ex-Minister Denby was mentioned in connection with the talk of a commission.

COMPELLED TO RETREAT.

London, July 16.—The Evening News prints a dispatch dated at Shanghai today, giving a detailed account of the attack of the allied forces on the native city of Tien Tsin as reported in the dispatches to the Associated Press, dated Tien Tsin, July 13, via Che Foo, July 15, and Shanghai, July 16.

According to the Evening News dispatch the allies were repulsed and compelled to retreat with a loss of more than 100 killed. The British loss is 40 and the Japanese 60. The Americans and Russians, it is added, also suffered heavily. Among the Americans killed were Colonel French, of the Twenty fifth infantry, and Colonel Liscum, of the Ninth infantry. A Russian colonel of arsdds that the Chinamen fought with great desperation and that their marksmanship was accurate and deadly.

THE AMERICAN MARTYRS.

Washington, July 16. The war department has prepared the following account of Col. Emerson H. Liscum's service record. He was born in Vermont in 1841. He entered the volunteer service as corporal in First Vermont infantry in May, 1861, and was appointed second lieutenant February 19, 1863. He rose in the regular line to colonel of the Ninth infantry, April 29, 1899. While in the Spanish war he was made brigadier general of volunteers July 12, 1898, serving in that capacity till December 31, of the same year. His record briefly stated in chronologicl order is as follows: Breveted captain, United States army, August 1, 1901, "for

(Continued on Fifth Page.)

HOT FOR VENGEANCE

Army Officers in Washington in Ugly Mood Over the Death of Colonel Liscum.

CONGRESS MAY SOON CONVENE

WASHINGTON, JULY 16. WORD WAS RECEIVED AT THE WHITE HOUSE THIS AFTERNOON TO THE EFFECT THAT PRESIDENT M'KINLEY WILL ARRIVE HERE SOME TIME TOMORROW, PROBABLY IN THE FORENOON.

Washington, July 16.—A degree of excitement, reminiscent of the days of the Spanish war, prevailed at the state, war and navy departments today. Early in the day came Admiral Remey's dispatch conveying the ill tidings from Tien-Tsin and for the time being obscured the Pekin situation. The Ninth infantry is one of the crack regiments in the world and the terrible story of fatality in its ranks aroused a spirit of fierce indignation and demand for vengeance among the officers of the army and navy here that could not be repressed.

There was a disposition at first, in the meantime, to pluck some hope from Admiral Remey's statement that the death of Liscum and the fact that the whole fight at Tien-Tsin was nothing more than a "report." This hope was dashed by the receipt of the dispatch from the correspondent of the Associated Press, written directly on the battlefield and in a place where the facts must have come under his eye.

Thereupon Secretary Hay called a special cabinet meeting to discuss the situation. He was only able to gather up four members, but fortunately these included Secretaries Long and Root. There was talk of an extra session of congress and discussion of further reinforcements of our troops in the Philippines. It was also understood that communication had been had with President McKinley at Canton.

There was just a grain of comfort in a dispatch from Consul General Goodnow, at Shanghai, stating that he had nothing new to report. From this it was gathered that Goodnow knew nothing of the reportd fate of the legations, though that report had come from Shanghai.

NOTHING NEW TO REPORT.

Washington, July 16.—Consul General Goodnow cabled to the state department from Shanghai, under today's date, that there is nothing more to report since his cablegram of the 11th inst. That dispatch reported the attack on the legations at Pekin as about to begin. Mr. Goodnow's statement is a direct contradiction of the Shanghai story that all foreign consuls were informed Saturday by Sheng that the legations had fallen and the ministers were killed.

CONGRESS MAY BE CALLED.

Washington, July 16. Secretary Hay called a cabinet council this morning to consider the Chinese situation. Few cabinet officers are in the city and the only attendants were Secretary Hay, Root, Long and Gage.

The council lasted for some time and the situation was thoroughly discussed. In all probability the president will come here within the next two or three days to remain a day or two. There is reason to believe that 8,000 or 10,000 troops will be gotten together as rapidly as possible and hurried to China.

Some of these probably will be taken from Cuba. If the situation requires more men congress will have to be called together to provide for them.

NOT COLONEL FRENCH.

Washington, July 16.—The report that Colonel French, Twenty-fifth infantry, was killed at Tien-Tsin, is not understood at the war department here. Officials state positively that Colonel French is not in China. There is but one Colonel French in the service, and he commands the Twenty-second infantry, two battalions of which are in the Philippines and the third in this country. On June 30 Colonel French was in New York on sick leave.

NO WILCOX IN NINTH.

Washington, July 16.—It is stated at the war department that no such person as Captain Wilcox, who was reported wounded, is in the Ninth infantry. The officials here think it might be Major Wallace, of the Ninth.

PREPARING FOR TROOPS.

San Francisco, Cal., July 16.—Orders have been received at the Presidio to at once prepare quarters for five regiments of troops which will arrive shortly enroute for foreign service.

The home battalion of the Eighteenth infantry has landed from the Hancock, and taken up temporary quarters at the Presidio. It is under command of Capt. E. A. Lewis and is destined for Fort Keogh, Mont. The Hancock made the trip from Kobe in fourteen days, beating the record from that port.

The sailing of the transport Sumner of Nagasaki has been postponed until tomorrow, owing to the failure of two battalions of the Fifteenth infantry to arrive from Plattsville, N. Y., on schedule time.

The California will sail today for Manila with about 11,000 tons of military supplies.

FORT WAYNE BOYS IN CHINA.

The dispatches today tell of a repulse of the allied forces at Tien-Tsin on July 13. The Ninth infantry (American) was among the allied forces and the loss to the Americans is fixed at thirty. In the Ninth infantry are Bud Carson, son of J. K. Carson, and Private Wood, son of Frank Wood, of this city. It is not known, of course, whether the Fort Wayne boys are among the injured. They are both veterans of the Spanish-American war. A rumor was current that Lieut. Ivers W. Leonard, of this city, was wounded. This is untrue, as Mr. Leonard is not a member of the Ninth infantry, the wounded man being Lieut. Henry Leonard, of Washington, D. C.

HOLD ANNUAL MEETING.

At 4 o'clock this afternoon the annual meeting of the stockholders of the Tri-State Building and Loan association convened at the offices of the association. The business of the past year will be gone over and new trustees and officers elected. It is stated that the past year has been a most successful one for the Tri-State and the company is in splendid condition.

CALLED TO MAYSVILLE.

Dr. W. W. Barnett, the county coroner, was called to Maysville this afternoon to view the remains of a young man who died at that place. There was no physician in attendance and the coroner is required to ascertain the cause of death in such cases.

DEDICATED A CHURCH.

Rev. Dr. Parr returned today from Milford, Kosciusko county, where he dedicated a new M. E. church yesterday. Dr. Parr says the new edifice is one of the handsomest of the smaller churches he has ever dedicated and this list includes more than 100 churches in various parts of the country.

THE EEL RIVER CASE.

Indianapolis, July 16. —(Special.)— A petition for a rehearing of the Eel River case has been filed in the supreme court. The petition states that the recent decision means a loss of $90,000 a year to the stockholders of the company.

Eel D. Bayless lodge, F. & A. M., will not meet this evening.

BIG ARMY WANTED

NOT ENOUGH TROOPS IN THE PHILIPPINES.

LAWTON'S VIEW VINDICATED

ALL DEPARTMENTS ASK FOR MORE SOLDIERS.

FILIPINO WOMEN IN FIGHT

ORGANIZING MACABEBEES IN CAVALRY REGIMENTS.

(Correspondence Associated Press.)

Manila, June 12.—"More soldiers" is the demand which is coming to General MacArthur from every department of the islands. Recent events have worked to vindicate General Lawton's judgment that 100,000 troops would be needed to establish American sovereignty over the Philippines. Until they attempted to hold provinces of 200,000 or 300,000 hostile people with a regiment or two the American commanders hardly realized the size of the Philippine islands. The present force is not large enough to garrison more than half the important towns, and in some of the most important islands among them Cebu, Panay, Samar, Leyte and the great Mohammedan empire of Mindanao only the commercial ports are occupied.

MOROS FIGHTERS BY NATURE.

The Moros are a cloud on the horizon. The officers best acquainted with conditions in Mindanao and the Sulu islands tell the Associated Press correspondent that they consider serious fighting there inevitable. If it comes the two regiments which are scattered in small garrisons, some of them hundreds of miles apart along the coast of Mindanao, an island nearly as large as Luzon, may have serious work. The Moros are fighters by nature, do not fear death, have many guns, though of antiquated makes, but do the best execution by lying in the thick jungles and cutting down soldiers who pass through with their terrible knives and spears.

General Young, who is holding seven of the most mountainous provinces of Luzon with four regiments, expects severe work during the rainy season. For some two months after his bewildering invasion of the north in December, the insurgents were paralyzed. With more troops to keep an eye on the villages and prevent reconcentration, the paralysis, the general believes, might have been made permanent.

INSURGENTS ORGANIZING.

Finding ample opportunities to reorganize, the insurgents have availed themselves thereof. Young's troops have worn themselves and horses down to the limit of endurance in marching about the mountain trails, striking the Filipinos where they could get track of an organized band. Hundreds have been slain, but much of the work his been like brushing away mosquitos, which swarm down upon a new spot. General Tinio has a nomadic command, whose warriors can hide their guns and become "amigos" if it suits their interests. As few of them wear uniforms and the people combine to shield them from detection, the Americans are greatly handicapped.

The church has become a troublesome factor in Young's territory. Aglipay, the priest who has proclaimed himself as archbishop of the Philippines and excommunicant Archbishop Nozaleda, is in the field as a general. His forces attacked Captain Dodd, of the Third cavalry, at Bator, where more than 200 Filipinos were slain. Alepay commanded in person and there is an unproven report that he was among the killed. His followers fought with the recklessness of Mohammedan fanatics.

ADVANCE GUARD OF WOMEN.

They approached the Americans in three lines. An advance guard of women was arranged with the expectation that the Americans would not fire upon them. After the women a line of bolomen and others armed only with wooden swords, no more dangerous than policemen's clubs, and behind the bolomen the riflemen. Happily the women threw themselves flat upon the ground and sought shelter at the first fire, so that few of them were injured. The soldiers thought they were men dressed in women's clothes. The onslaught of the bolomen was like the descent of the mahdi's fanatics upon Kitchener's squad at Khartoum. They kept coming on faster than the soldiers could shoot them down, until they were so close that our cavalrymen had not time to fire and load, but went through them with clubbed carbines.

COUNTERFEITING IN MANILA.

(Correspondence of Associated Press.)

Manila, June 10.—The large circulation of silver money in the Philippines has made an opportunity for counterfeiters and there is evidence of one or more "gangs" in Manila and the provinces who manufacture spurious coins. The counterfeiters make Mexican dollars from a baser and cheaper metal, the American nickel is counterfeited and the brown five-dollar bills have been successfully imitated. But the cleverest and most successful scheme of all is the coining of American silver dollars from Mexican dollars.

The silver in a Mexican dollar, if stamped with the facings of our American silver dollar, at once doubles in value, for anyone will give you two dollars Mexican for one dollar American. The advantage of this scheme is that a sufficiency of good metal can be obtained by melting up Mexican dollars and when stamped with the American facings the new coins produce one hundred per cent. profit. Raids have resulted in finding several baskets full of bad money in the rear of a Chinaman's house and a Filipino was discovered with several dollars worth of counterfeit five-dollar bills and a box of recoined American silver dollars in his possession.

The Chinaman and the Filipino have made partial confessions and given damaging testimony. It is now evident that they are members of a gang operating on a large scale in Luzon and in which there are several Americans or Europeans as leaders.

TO HAVE NATIVE CAVALRY.

(Correspondence of Associated Press.)

Manila, June 10.—The military authorities have ordered the formation of four troops of native cavalry to be recruited from the Macabebees and officered by Americans. Major Batson, the originator of the idea of employing the Macabebee tribesmen as scouts, is to be commander of the new squadron of Filipino horse. The officers will be, Captains James N. Munroe, William C. Geiger, Francis H. Cameron, First Lieutenants David H. Biddle, James Conway, Clarence C. Culver.

The Macabebees have long been used as scouts and their value in such work has already been demonstrated.

The present plan of mounting them is intended to render them more effective by increasing their mobility.

Many of our army officers declare that we must eventually come to a general use of native troops to preserve order in the provinces of Luzon and elsewhere. While several of our regiments are today using small details of Ilocanoes, Visayans and Tagals as scouts and guides, the organization of native soldiers, with the notable exception of the Macabebees, has been objected to by the authorities of Manila.

When the Macabebees are controlled they do good work in their own line, but they are hard to restrain from outrage, looting and indiscriminate killing. Several American officers have declined service with the Macabebees, on the ground that it was impossible to restrain them in moments of excitement.

PEOPLE TAKE TO THE HILLS.

The Filipino country people in certain districts remain in the mountains instead of coming back to their village homes, because of their fear of visits from the Macabebee scouts. Tagalogs and Macabebees are separated by fierce tribal hatreds and are always hostile to each other.

Each native cavalryman in the new mounted organization will take the following oath:

"We, the undersigned, do severally agree that we will well and faithfully serve the United States of America as scouts in the squadron of Philippine cavalry, from this —— day of ——, 1900, until the 6th day of June, 1901, unless sooner discharged. This contract is made with the full knowledge and in conformity of general order No. 25, all provisions of which, including the pay and allowances established therein, are hereby accepted and made a part of this contract. And we do further agree to obey and abide by all such laws, orders and regulations as have been or may be hereafter prescribed."

The pay of Macabebee soldiers will be just one half that given to American troops, owing to the fact that they are to be paid in Mexican silver, while the Americans are paid in gold.

COLONEL HAMILTON DEAD.

New York, July 16.—Col. John Hamilton, U. S. A., retired, is dead in Brooklyn. He was appointed to West Point from Indiana in 1847. When the war broke out he was Captain in the third United States artilleiy. For gallant and meritorious service during the war he became a major of the first artillery, and in January, 1881, was advanced to the rank of lieutenant colonel of the Fifth artillery and in September, 1883, he became colonel of the same regiment. He was placed on the retired list in August 1887.

Is Bromo Laxative Bromo-Quinine Tablets, the old standard remedy which CURES A COLD IN ONE DAY, be sure that it is labeled BROMO and not Bromide. At all druggists, 25c.

BOERS WILL COME HERE.

Cape Town, July 16.—When the war in South Africa is over ten thousand Boers, chiefly naturalized citizens of the Transvaal, will emigrate to the United States. Irish-Americans are arranging the preliminaries for this movement. The latest Machadodorp advices state that President Kruger will refuse to surrender until his supplies are exhausted.

Will Cook spent Sunday with friends in Churubusco. He made the trip on his wheel.

ARIZONA TOWN WIPED OUT

PRESCOTT SWEPT BY STORM OF FLAME.

Business Portion of the Mining Town Destroyed, With a Loss of $1,000,000.

Phoenix, Ari., July 16.—Fire which nearly wiped the mining town of Prescott off the face of the earth Saturday night swept clean four and a half blocks of business houses, caused a loss of more than $1,000,000, cost one life, possibly others, and injured a dozen more.

Besides this, great quantities of dynamite were exploded in vain efforts to stop the progress of the flames. There is damage to the extent of many thousand dollars to other buildings which have escaped the flames.

For two months there had been no rain at Prescott. The town was as dry as powder, and the water system useless because of demolition for temporary repairs.

Heroic efforts were made by volunteers and the fire department, but their labor was fruitless, except in one instance, where two boys fought the progress of the fire, and from the top of the Bellevue hotel used a bucket line to such effect that the fire was kept from spreading down a line of office buildings and to the shops and yards of the Santa Fe railroad.

The fire started at 11 o'clock Saturday night and burned steadily until 4:30 o'clock Sunday morning.

A candle in the Burchard store on South Montezuma street fired a piece of wall paper, the flames spread to the school building, a big brick structure adjoining, and then back through a block of frame structures to Granite street. From here it flashed north, and then over through "Whisky row," famous as the home of the tough element, and known to every easterner who has been in Prescott.

There was absolutely no water pressure, and dynamite was brought into use. Great quantities of it were exploded, but served only to scatter the blaze and aid the spread of the fire.

Granite and Montezuma streets were burned clear through to Gurley street, and kept a southerly course until there was no longer food for the flames, meanwhile crossing Montezuma street and attacking the principal business street of the city.

NOT A BUILDING LEFT.

In half an hour not a building was left on Gurley street, between Montezuma and Cortez, and the fire fiend only stopped when met by the opposition offered by the heroic lads on the Bellevue hotel.

Out of fourteen hotels but two are left. Twenty-five general merchandise establishments are gone. There are no butcher shops or restaurants left, and but two clothing houses.

The vaults in both banks are intact and both institutions opened in temporary quarters this morning.

The man who was killed was caught on the top floor of the Scopel building and became a raving maniac. He refused to go down the latter sent up to him, and went down with the blazing ruins.

Many hundred people are left homeless and are camped in the plaza. The territorial officers have offered aid, but Prescott refuses it, and can care for herself.

Senator Clark, who has some mining interests there, telegraphed $1,000, and instructed to draw for more.

FRUIT TOWN WIPED OUT.

San Francisco, July 16. The little town of Newcastle, in Placer county, was practically wiped out by fire early Sunday morning, only six buildings and Chinatown now being left in the business district. The total loss is $160,000. The fire was caused by the carelessness of tramps at 4 o'clock Sunday morning in the fruit growers' express icehouse.

MISS IRMA WILL START.

The Chamber of Commerce stake for 2:24 pacers is being decided at Detroit today and the records of the horses entered indicates that it will be the hottest race in the history of the stake. Of the twenty or more entries almost every one have taken records of 2:15 or better. In the list of starters is Miss Irma, the great Atlantic King mare sold by Frank Bogash to the Empire Stud farm last season. She has no record, but if the pretty animal retains the speed she carried last year she is certain to make some of the record-breakers step some before the race is over.

YOU CAN DO GOOD.

The members of the "People's Mutual Burial association" should do all in their power to induce their friends and neighbors to join the association. The cost is such a trifle that no person in Allen county can afford to turn such an important proposition down. This association is strictly a mutual affair, one helps the other, there are no profit makers back of it, no weekly or monthly payments, costs twenty-five cents to join the association and when a member dies you are called upon to pay twelve cents, having twenty days to pay it. It requires one thousand assessable members in Allen county to pay one hundred dollars on the death of each member. When the membership is over one thousand, say two thousand for example, the money remains in the treasury till next member dies; that assessment is skipped. If membership is less than one thousand, the full assessment is paid on the death of a member.

Patronizing insurance companies is all right if you can afford it; this mutual plan costs a member about one dollar a year and you are not bothered every week. Any person can take out a certificate for their father or mother by paying their assessments, which are not to exceed twelve cents. Age limit is seventy-five years. For further information apply to W. L. Simmons, rooms 5 and 6, Bank block. 10-t2

While a number of young lads were playing ball on East Jefferson street Sunday evening one of them threw the sphere at one of the cross wirs supporting the trolley wires and struck it, breaking it near the post. Traffic was delayed for some time on account of the accident. Much complaint has been made of late of boys who play ball on the streets. Windows have been broken, flowers have been trampled and many other accidents have occurred. There is a law against playing ball on the streets.

"The Present Situation in China and the Probable Outcome" will be the subject of a lecture by Rev. J. A. P. McGaw at the Third Presbyterian church next Sunday morning. Dr. McGaw is well versed in Chinese customs and life and his lecture will be most interesting. The lecture will take the place of the morning sermon.

The Chicago Tribune

is a newspaper for bright and intelligent people. It is made up to attract people who think.

Is not neutral or colorless, constantly trimming in an endeavor to please both sides, but it is independent in the best sense of the word.

It has pronounced opinions and is fearless in expressing them, but it is always fair to its opponents.

Matters of national or vital public interest get more space in THE TRIBUNE than in any other paper in the West.

For these reasons it is the newspaper you should read during the forthcoming political campaign.

THE TRIBUNE'S financial columns never mislead the public.

Its facilities for gathering news, both local and foreign, are far superior to those of any other newspaper in the West.

It presents the news in as fair a way as possible, and lets its readers form their opinions.

While it publishes the most comprehensive articles on all news features, if you are in a hurry the "Summary of THE DAILY TRIBUNE" published daily on the first page gives you briefly all the news of the day within one column.

Its sporting news is always the best, and its Sunday Pink Sporting Section is better than any sporting paper in the country.

It is the "cleanest" daily printed in the West

NOW IN SWITZERLAND.

J. N. Roach, of the carriage firm of Roach & Albanus, this morning received a letter from his partner, Charles Albanus. Mr. Albanus and wife are at present traveling in Switzerland and writes from Thun. They will sail for home on the Princess Irene, arriving in Fort Wayne about September 22d.

CHRISTIAN ENDEAVOR UNION.

There will be a mass meeting of the Christian Endeavorers in the Westminster Presbyterian church this evening for the purpose of organizing a city Christian Endeavor union. Invitations have been sent by E. R. Geasman, of the district Christian Endeavor, to the members of the society in the Presbyterian, Congregational, Christian and Reformed churches of the city and a big attendance is anticipated. The object of the union will be to create a greater interest in Endeavor work. At this meeting the subject of forming a county union will be brought up.

Mr. and Mrs. Hal Ferguson, of Eaton, Ind., spent Sunday the guests of Mrs. Ferguson's parents, Mr. and Mrs. William Schiefer, of East Main street.

LOCAL LINES.

Mrs. Eliza Brackenridge has been quite seriously ill.

Miss Elizabeth Johnson goes to Clear lake this week.

Guy and Ben Bell left today for an outing at Lake Wawasee.

Mrs. C. M. Dawson and daughter are at home from Rome City.

Miss Jennie Harper has gone to Cleveland for an extended visit.

Miss Pearl Ritter, of Angola, has been the guest of Miss Hattie Steller.

tree I saw Thee." Briefly, he said: turned from an extended visit in Ohio.

Miss Edith Zollars has gone to South Haven, Mich., for a visit with friends.

H. C. Granneman spent Sunday at Toledo with his family, who are visiting there.

Mrs. Jack Brown and daughter Gladys left yesterday for Chicago to visit friends.

Mrs. Rachel Eckert and daughter, Miss Kate Eckert, left last evening for Atlantic City.

Mrs. J. B. White and Mrs. William Morris leave this week for Mackinac to spend the heated term.

Mr. and Mrs. George Bonter leave this week for Lincoln, Neb., for a visit with their son Ferd.

There will be a meeting of Home lodge, F. and A. M., on Tuesday evening for the E. A. degree.

Mr. and Mrs. H. Brook Sale, of Indianapolis, have been the guests of Judge and Mrs. Robert Lowry.

Mrs. A. E. Gregg and daughter, Miss Stella Gregg, have gone to Akron, Ohio, for a visit of two weeks.

Mr. and Mrs. Charles Paul and Mr. and Mrs. Will Ortlieb left yesterday for a two weeks' outing at Lake Gage.

Mrs. Henry Hart and daughter have joined the Fort Wayne colony at Rome City and will remain two weeks.

Mr. and Mrs. L. A. Johnson are entertaining John F. Snook and Mrs. Margaret Voorhees, of Caldwell, Texas.

Mrs. Joseph Lohman left Saturday for Cincinnati in response to a telegram announcing the critical illness of a relative.

Miss Annie Habecker, Miss Minnie Geake and Miss Annette Geskins leave early this week for a trip down the St. Lawrence.

Mrs. W. Kurtz, who has been the guest of Mr. and Mrs. Daniel Krapf the past two weeks, has returned to her home in Toledo.

Mrs. John Chambers and son, Earl, of Cincinnati, are visiting Mrs. Chambers' mother, Mrs. O. D. Kilpatrick, of 66 East Third street.

Mrs. W. S. Turner has returned from a visit at Jamestown, Ohio, accompanied by her father, C. B. Pennington, who will visit in the city.

Fred Mailand, of Marion township, left yesterday for Mt. Clemens, Mich., where he will enter a sanitarium. Mr. Mailand is a sufferer from rheumatism.

Miss Carrie Doswell, who holds a responsible position in a Chicago flower store, will return to the city the latter part of the week for a visit of two weeks with relatives and friends.

Dr. and Mrs. J. A. Clevenger, Mr. and Mrs. S. D. Snyder, Mr. and Mrs. F. M. Kircher and Mr. and Mrs. A. F. Halter comprised a Garrett party registered at the New Aveline yesterday.

R. L. Bischoff, of the Meyer Bros. drug store, had the middle finger of his left hand painfully lacerated last evening. The member was caught in an electric fan and the cut penetrated to the bone.

Kendallville Sun: "Mr. and Mrs. Robert Kinnaird and family, of Fort Wayne, anticipate locating here permanently. Mrs. Kinnaird and children are here at present, the guests of the former's sister, Mrs. Eugene Iddings."

William Zippering, an employe of A. L. Johns & Co., on Columbia street, was taken seriously ill at the store this morning and Dr. Hammond was called to attend him. The patient was taken to his home, 128 John street, in the ambulance.

Fire in a vacant residence at the corner of Brackenridge and Fulton streets called out the department early Saturday evening. The blaze was quickly extinguished and the damage did not exceed $10. The residence is owned by Joseph Adams.

The following young people comprised an excursion party to Rome City yesterday: Mr. and Mrs. Harry Mains, the Misses Margie Hartman, Tillie Berghorn, Clara Hilgeman and Edith Miller, and Arthur and Bert Mains, Charles Grosvenor and N. Curtice Mettering.

B. H. Barnett, who has been making a tour of several weeks in Europe, arrived at home last evening, accompanied by Messrs. W. B. Beamer and W. E. Bethell. Mr. Barnett says the trip was an enjoyable one, but he still prefers Fort Wayne as a place of residence.

Rev. and Mrs. J. H. Bosch, who left Friday for Terre Haute on account of the critical illness of Mrs. Bosch's sister, Mrs. Smith, found that the patient had died some hours previous to their arrival. The funeral services were held Sunday. Mr. and Mrs. Bosch will return to Fort Wayne this evening.

Mr. and Mrs. Ogden Pierce are at home from Milwaukee.

Mr. and Mrs. Fred Zollars are at Rome City for the week.

Mr. and Mrs. W. F. C. Bonter, of Chicago, are visiting in the city.

Miss Lucile Porter has issued cards for an "at home" for Friday evening.

Charles and Ralph Pidgeon are at home from a visit at Jamestown, Ohio.

Grant Stanton has been at Bluffton attending the funeral of his father, Riley Stanton.

Miss Bessie Durnell, of Indianapolis, is the guest of Mr. and Mrs. Harry Grosvenor.

Elmer Lane is at home from New York for a visit with his parents, Mr. and Mrs. C. T. Lane.

W. D. Page and family have gone to Clear Lake on their annual outing, and will be absent several weks.

Elmer Leonard went to Indianapolis today to attend a meeting of the republican state central committee.

The Misses Alley, of Hillsdale, Mich., who have been visiting Mr. and Mrs. Pound, have returned home.

Mr. and Mrs. J. S. Fielding, of Chicago, and Miss M. K. Watt, of Baltimore, are visiting Mr. and Mrs. W. H. Tigar.

Miss Katie Toohey and Miss Emma Ward, of Huntington, are the guests of Mr. and Mrs. Minnich, of Buchanan street.

Col. B. S. Robertson will deliver an address before the Soldiers, Sons and Citizens' Republican club this evening. The address will cover Colonel Robertson's recent European travels and a comparison of the institutions there with those of America. The address is to be non-political, and the invitation to the public is general.

CARD OF THANKS.

W desire in this manner to thank our friends and neighbores for kindness and sympathy extended to us in our bereavement by the death of our son Christian, also for the many flowers.

CHRISTIAN SCHLIE AND FAMILY.

DEAL WAS NEARLY CLOSED.

Funeral services for the late N. B. Rowe were held this afternoon at the residence on Washington boulevard. A telegram from Muncie states that Mr. Rowe was to have closed a deal for a huge ice cream manufacturing building in Normal City on Saturday. He had secured control of the ground and all preliminaries except the signing of the papers, which was to have taken place on Saturday, were closed.

BATTERY BOYS DRILL.

Battery B will hold a special meeting this evening at the drill grounds on Pearl street for the purpose of going through the manual of arms. There will also be drills on Tuesday and Wednesday evenings, and on Thursday evening equipment will be issued. Sunday evening the battery will leave for Indianapolis to attend the state encampment.

FACTS ABOUT FLOUR.

Made White by Leaving Out the Part Which Helps Digest.

Modern methods of milling separate the parts of the wheat berry that contains the diastatic element, and furnishes only the white flour made up almost entirely of starch.

One of the principle elements needed to digest this starch has been left out in the process, and therefore the person who eats much white bread is almost sure to have intestinal troubles, for the starch does not digest properly and must, of necessity, decay, and cause all sorts of trouble.

Grape-Nuts food, on the contrary, is made up of the entire wheat and barley, and the processes of digestion as shown in the human body, are copied as exactly as possible, in a mechanical way, by the use of moisture, time and warmth. No chemicals or other ingredients are used, but the simple methods scientifically arranged.

In this way the starch of the grain is transformed into grape sugar, and the Grape-Nuts food, which appears in a granular form, shows on the outside of the little granules, glittering specks of this grape sugar, which is not put onto the food from the outside, but is the result of the change of the starch into grape sugar, which works out to the surface, very much as the sap of the hickory or maple tree will frequently show in the shape of white sugar on the sawed-off ends of logs.

A handful of Grape-Nuts held to the light will show the little glittering particles of grape-sugar. It is naturally and scientifically predigested, therefore the food agrees with the weakest sort of a stomach. It must not be used in large quantities at one meal, for it is concentrated, and over-feeding of even the choicest food is not advisable.

Being perfectly cooked at the factory, the food can be served instantly, either dry or wet, cold or hot. When wanted hot, hot water, milk or cream can be poured over it. There is a definite, distinct and undeniable gain in nervous energy and vitality when Grape-Nuts food is used.

A PRETTY KITCHEN EXPERIMENT.

Dissolve a teaspoonful of pure cream of tartar baking powder in half a glass of cold water and there is a liquid charged with carbonic acid gas, and the gas, having nothing to retain it, passes off in bubbles like the foam of a lively champagne.

Mix a tablespoonful of the same powder with the same quantity of flour, pour into it half a glassful of cold water, and stir up quickly. The carbonic acid gas liberated is then prevented from rapid escape by the flour, and the mixture rises, foaming and creamy, like yeast, over the top of the glass. This effect has been produced by adulterating the baking powder, making it half flour, and may be rendered still more marked by the addition of a little albumen. The great show of creamy foam in a baking powder is proof not only of adulteration but inferior strength.

"Things are seldom what they seem; Skim milk masquerades as cream."

The regular monthly meeting of the Berry street Epworth League will be held Tuesday evening at the home of Mr. and Mrs. L. E. Rock, 226 Lake avenue.

There would have been more glory for civilization in a repulse of the foreigners in China a month ago than in carrying Pekin at the point of the bayonet.

During the year ending June 30 the Indiana pension office has paid out $10,807,022.56, against $10,813,-622.03 the preceding year. The Indiana office ranks third in point of disbursements.

On the heels of intelligent but [illegible] merchants of Europe rather [illegible] upon the heels of crazy fanatics. Order will be the blood of the [illegible] beheaded in Pekin. And [illegible] to its pathetic [illegible].

Fatal[illegible] prevalence in South [illegible] the cessation of which she [illegible] is likely to be more [illegible] The Cuban health [illegible] it to put new [illegible] into the [illegible] and [illegible] success in [illegible] Not only has [illegible] 900 Boers [illegible] will increase it. The [illegible] of the situation is increased by the fact that there are [illegible] in and [illegible] town outbreak in parts of Boer.

A state may, in the exercise of its [illegible] regulate contracts of life insurance made between residents of the state and corporations of other states as held by the supreme court of the United States not to be invalid as attempting to regulate commerce between the states, because the business of fire insurance is not commerce. "The contract of insurance," said the court, "is not an instrumentality of commerce. The making of such a contract is a mere incident of commercial intercourse, and in this respect there is no difference whatever between insurance against fire and insurance against the perils of the sea, and, we add, or against the uncertainty of man's mortality."

Since China's war with Japan British firms have sold to the celestial empire seventy-one pieces of heavy ordnance, 123 field guns and 207 machine guns, while German firms have supplied 160,000 Mauser rifles and 3,000,000 rounds of ammunition. British, German and Russian army officers have earned good wages in teaching the Chinese how to use these things. Had it not been for all this magnificent "extension of trade" the foreigners in the flowery kingdom would not now be in such dire straits.

THE PEKIN TRAGEDY.

If a tithe of the details of the massacre of foreigners in Pekin now leaking through the mysterious censorship be true a tragedy more horrifying in its circumstances has not shocked Christendom in many centuries.

There is left not a single probability upon which to hang a hope that the crowning atrocity of the age has been enacted in Pekin. The rumors that distressed the civilized world a fortnight ago confirmed with circumstantiality by Chinese authority that can be disputed on no rational ground. The few hundreds of foreigners who were penned up in the legation compounds of the Chinese capital held out as long as flesh and blood could endure. With artillery their work defenses were breached and they were at the mercy of hordes of barbaric, fanatical and bloodcrazed Mongols. Then came the slaughter, with what tortures and fiendishness the civilized mind shrinks from imagining.

That the legations wherein the foreigners were penned became a reeking shambles for human victims, a veritable hell of maddest murder may scarcely be questioned. The peculiar fiendishness that marked the murder of the Russian minister, M. De Giers, and his wife, gives us a clue to the manner in which the foreigners have died in Pekin.

Meanwhile, the world powers jealously watch each other, waiting for the advent of some understanding upon which China is to be partitioned when conquest is completed. Weeks ago Japan was prepared to march in force on Pekin and effect the rescue of the foreigners. Today the forces of civilization are farther than ever from Pekin. The allies have been defeated at Tien Tsin and their situation has in turn become desperate.

WILL MOVE TO MOUNT CARMEL

UTILITY PAPER COMPANY MAKES A DECISION.

Factory Recently Burned at Hartford City Will be Rebuilt in the Illinois Town.

Mount Carmel, Ill., has been selected as the location for the new factory of the Utility Paper company, which is owned entirely by Fort Wayne capital. The move was decided at a meeting of the stockholders in this city Saturday, and work will begin at once.

The company are Messrs. Charles M Cullen, John Mohr, S B Thurman, Louis Fox, B. S. O'Connor, C. S. Dick, W. S. Rice and A. B Turnbull. The mills at Hartford City were destroyed by fire recently, but a number of rolls have been saved from the ruins of the plant.

Mount Carmel, the [illegible] Wabash county, [illegible] Evansville, Terre Haute and Indianapolis railway. It is [illegible] of fine wheat county and [illegible] coal and [illegible] The city has given the Fort Wayne gentlemen [illegible] a number of [illegible] the city people [illegible] in the [illegible] Mount Carmel is making [illegible] concern is to locate. [illegible] Mr. Rice, who is largely [illegible] the manufacture of the [illegible] paper. Part of the [illegible] of Hartford City was [illegible] by fire, and this will be [illegible] the new location. Work upon the plant at Mt. Carmel will [illegible] at once.

Mr. and Mrs. Thomas Davis, of Harmer street, celebrated their seventh wedding anniversary Saturday evening in a manner rather unexpected to them, but none the less pleasant to host, hostess and guests. The affair was a surprise on Mr. and Mrs. Davis.

A SUNDAY MURDER

DRINK CAUSES A TRAGEDY NEAR CRAWFORDSVILLE.

FARMER ELLIS WAS SLAIN

BODY FOUND LYING NEAR A ROADHOUSE.

HAD BEEN A DRUNKEN BRAWL

THE GENERAL NEWS OF THE STATE OF INDIANA.

Crawfordsville, Ind., July 16.—Yesterday morning about 8 o'clock the body of Howard S. Ellis, aged nineteen years, was found lying in the weeds by the roadside near the icehouse, north of town. The body was found by some boys who were going to the creek to swim. Deputy Coroner Keegan was summoned and, upon examination, it was found that Ellis had been murdered. His face was badly bruised, and there was a hole in the back of his head, since learned to have been made with a beer faucet.

From the appearance of the place where the body was found it was deduced that Ellis had been carried there after he was dead.

D. E. W. Keegan, the coroner, held a preliminary inquest yesterday afternoon, concerning the death of Howard Ellis, and it was found that at 2 o'clock Sunday morning, Ellis, Jim Osborn, Howard Jeffrys, Pete Vandeveen, and two others were drunk at or near the Antibal saloon, and they all engaged in a fight with beer bottles, stones, etc., and that Ellis was struck on the back of the head with a beer faucet in the hands of Osborn. It was not shown how Ellis got to the place where he was found dead.

Two hours before the body was found a man saw him lying near the road, but being unable to arouse him supposed him to be drunk. The post mortem examination revealed the fact that Ellis' skull had been cracked three inches in length, on the left side, and a blood clot was on the right side, which was made by a blow causing death.

All the persons named were easily found, and were unanimous in saying that Osborn struck the fatal blow. Osborn had kept sick, but Marshal Beathers finally found him about 5 o'clock asleep in the woods west of the Big Four track, and took him to jail. Osborn claims to know nothing about the matter, except that they were all drunk and had a fight.

Ellis worked for a local poultry firm, and lived with his mother, Mrs. Ellen Wilkenson, in the valley. He was known to be of a very pugnacious disposition.

WEDDING AND A $30,000 SUIT.

Hammond, Ind., July 16.—In St. Johannes Lutheran church yesterday afternoon was solemnized the wedding of Arthur H. Taper to Miss Louise L. Neumann, both of this city. Special importance attaches to the wedding, as the groom is defendant in a $30,000 damage suit recently filed in the superior court by Miss Katie Mueller, of this city. The complaint alleges that the two were sweethearts and that in 1896 their marriage agreement was broken off by Mr. Tapper. About one year later she alleges they settled their differences and resumed their former relations. Attempts have been made to settle the affair out of court, but without success, and the case has been carried to the supreme court for trial at the next term.

MODERN SAMARITANS.

Elkhart, Ind., July 16. Thursday night the Modern Samaritans of northern Indiana will hold a union meeting in this city, and the event is expected to bring together the largest assemblage of Samaritans in the comparatively brief history of the order. The local lodges will make it their object to the initiation of 100 members, and the degree work is to be exemplified by the South Bend and other teams. The evening's formalities will open with a parade, headed by a band, and the degree work will then be performed, the principal meeting to be held in the Schrantz hall, which is the O. U. F. Will a temple, which it is likely additional hall will have to be provided to accommodate the crowd. After the ceremonies a luncheon will be served and some speechmaking will be indulged in, though this feature is not in the formally arranged program. Samaritans are expected from most, if not all, of the lodges of the order, as all are invited, though, of course, the largest representation will be from those in the neighboring towns.

SYRACUSE CEMENT WORKS.

Auburn, Ind., July 16. The Syracuse cement works, the largest cement plant in the world, will be started in a few days. The output will be 1,000 barrels daily and over 100 men employed. The factory will run night and day, and is so equipped that the disability of one or two engines will not suspend running at full blast. Three 400-horse power engines are connected to two immense generators, which can be used either singly or together for supplying power. The motors, twenty in number, ranging from ten to seventy-five horse power each, supply the machinery and light. Even the bottom of the lake is a veritable network of modern machinery. About 2,000 barrels of cement were used in constructing the foundations for the massive machinery. Of the buildings yet to be constructed one is 300x75 feet and one 100x100. Both will be built of solid concrete.

WILL NOT DISBAND.

South Bend, Ind., July 16.—Yesterday the devotional exercises concluded the ninth biennial convention of the Indiana Epworth league. The attendance throughout the convention has been fully up to expectations, and the officers and members have been enthusiastic in their work. Talk of the state organization disbanding is considered absurd, and the reports of this nature are said to be due to the dissatisfaction among members occasioned by ministers seeking to control the government of the body.

At last evening's session a special song service was conducted by Albert G. Shook, followed by the installation of the state cabinet officers. Addresses were delivered by Dr. S. L. Hamilton, of California; Rev. Rockwell Clancy, of Michigan; Rev. Levi Gilbert, D. D., editor of the Western Christian Advocate. The exercises in the afternoon were conducted by Rev. A. S. Preston, of Kokomo. The discussions were led by the following officers of the different departments:

Literary Department—Vice President Miss Helen Chick, of Evansville.

Social Department—Vice President W. S. Roney, of Terre Haute.

Junior Department—Junior Superintendent Miss Helen Johnson, of South Bend.

Mercy and Help Department—Vice President Miss Mary F. Beck, of Elkhart.

A BOY TERRIBLY MANGLED.

Bluffton, Ind., July 16. Forrest Kizer, fourteen years old, son of Riram Kizer, of Nottingham township, was standing by the pulley on the barn floor, unloading hay. The pulley and hook came loose, and the hook caught his arm, tearing the muscles of the forearm and breaking the tendons, besides severing an artery. Other injuries were inflicted, but the boy will recover.

TWO THIRDS CROP OF HAY.

Portland, Ind., July 16. Hundreds of tons of hay are being harvested in Jay county, and the general crop will be about two-thirds of what it was last year. Timothy is up to the general average, but there is a shortage in the clovers. Clover seed sown in the spring promises a good cutting this fall, and this may bring up the deficit to some extent. Much Hungarian grass and millet remains to be harvested.

A $1,000 HOME IN ASHES.

Rochester, Ind., July 16.—The fine home of ex-County Surveyor Womelsdorf, of Kewanna, was destroyed by fire. Cause unknown. Loss $1,000; insurance $1,800. John Aydelotte's farm house also burned night before last, with $1,000 loss and small insurance.

MARION'S NEW MANAGER.

Marion, Ind., July 16.—Billy Earle, the "globe trotter," will come to Marion to manage and captain the new team here when the Peoria franchise of the Central league is obtained.

LOSING BEAUTIFUL FEATURE.

Goshen, Ind., July 16.—The maple trees which have made this city famous because of their beauty and shade, are dying by the scores. A strange insect is working their destruction.

CALLED TO SYDNEY, OHIO.

Elkhart, Ind., July 16.—Rev. Peter Fleckwater, who recently resigned the pastorate of the German Baptist Brethren church, has accepted a call to the church at Sydney, Ohio.

A PLEA OF GUILTY PROBABLE.

Goshen, Ind., July 16. James Hess and George Ayres, who beat George Spahr, a young farmer, to death in a saloon brawl, it is said, will enter a plea of guilty.

FOR RENT.

The store room recently vacated by Kimball Piano Co., 109 Calhoun street. Kimball hall in connection. Apply, 109 Calhoun street or Sentinel office. 6tf

PREACHED HIS FIRST SERMON

REV. J. W. BAILEY OCCUPIES PLYMOUTH PULPIT.

Despite the Heat a Large Audience Greets the New Pastor of the Congregation.

Rev. J. W. Bailey, the pastor of Plymouth Congregational church recently called to succeed Rev. J. S. Ainslie, preached his first sermon as pastor on Sunday morning before an audience that was of good size in spite of the heat and the absence of many members of the congregation from the city. Rev. Bailey has a splendid address and his words were spoken with an earnestness that carried conviction. His power of enunciation is unsurpassed and his sermons are full of truths and show a depth of thought that stamps him a close and earnest student of the Bible. In the evening he preached a brief sermon, choosing as his theme, "The Fig Tree." The text was John 1:48, "When Thou wast under the fig tree I saw thee."

Mr. and Mrs. C. Ehrman have returned from a visit to Chicago.

"It was the same John that said those words who also said 'He came unto His own and His own received Him not.' Like the man who built a fine house and surrounded it with every comfort, and having gone away for a time, returned and found a stranger occupying it, who knew him not when he sought admission. It was the same story as the Saviour, who, when He came to His people upon the earth, they turned away, for they knew Him not.

"Christ was One who was well able to read character. He knew full well whom to approach, how they were to be approached, and whom to pass by. It was His knowledge of human character that caused Him to pass many and yet say to the fishermen, 'Follow me.' He was able to see into the future and was perfectly aware what the result of His ministry on earth would be. He wanted for associates in His earthly work men upon whom He could rely in every particular. He chose the men whom He did because in them He saw a character capable of expansion and development and fitness for their share of the work. Character as a 'reservoir of force' is well exemplified in the big army which the United States raised in so short a time to enforce her claims against Spain. It was the resource in reserve for any emergency, the inherent character of the people.

"Would that every young man realized that his fidelity to the minor things that occur each day are the things that are fitting him for the work for the cause of Christ. The man who by daily prayer and faithful walk with God is one who, when the call comes, will be able to step out and do that which is required of him. While I continue as pastor here may I never have a message for your hearts that may not have in it words concerning the 'Lamb of God' which taketh away the sin of the world. Whatever I shall say to you while I am your pastor shall be said just to say this, 'Jesus Christ came into the world to save sinners.'"

"BROMO" not the same as "BROMIDE." In buying Laxative Bromo Quinine Tablets, the old standard remedy which CURES A COLD IN ONE DAY, be sure that it is labeled BROMO and not Bromide. At all druggists, 25c.

FOR PROTECTION OF BIRDS.

Washington, July 16.—The department of agriculture has issued regulations for the proper execution of the Lacey law for the protection and importation of birds. A circular containing the regulations has been published. It explains that the department merely purposes to supplement and not to hamper or replace the work hitherto done by the state commissions and organizations. Attention is called to the fact that while the act provides for the purchase and distribution of birds, no appropriation is made for that purpose. The department, therefore, has no quail, pheasants or other game birds for distribution. Instructions in detail are given as to what is prohibited by the act.

ROME CITY SUNDAY TRAINS.

Commencing Sunday, July 1st, two trains will run to Rome City, leaving Fort Wayne at 6:30 a. m. and at 8:30 a. m. 2 tf

SCARED INTO AN OPERATION CANCER

"I was persuaded to undergo an operation for Cancer—thought I was cured—but it has returned in worse form than ever."

We receive letters like the above every day. The disease returns because Cancer is in the blood, and cutting away the sore or tumor does no good.

EVERY DROP OF BLOOD IS TAINTED

S. S. S. is the only cure for Cancer, acting as it does through the blood system and eliminating the poisonous virus which is the cause of the disease, thus allowing the sore to heal naturally.

SSS

Mr. H. L. Middlebrooks, of Sparta, Ga., writes: "My wife had an ulcer on her tongue, which began to grow, giving her much pain. The doctors were unable to do her any good, and finally pronounced it Cancer of a most malignant type. She began to take S. S. S., and after a few bottles had been used was cured completely, as no sign of the disease has returned, though ten years have elapsed."

Do not be scared into an operation; before submitting to the knife, write for our book on Cancer. SWIFT SPECIFIC CO., Atlanta, Ga.

HORROR ON HORROR

(Continued From First Page.)

rose fully the little remaining band of all the Europeans met death stubbornly.

"There was a desperate hand-to-hand encounter, in which Chinese lost heavily, but as one fell the others advanced and finally overcome them by overwhelming odds.

"Every one of the Europeans remaining, men, women and children, with two exceptions, were put to the sword in the most atrocious manner.

"Two escaped for only a short time, and once outside the walls of the city both were captured and killed.

CHINESE DUPLICITY.

"When the western nations come to know and understand the terrible jugglery and duplicity which have characterized the methods in which the news about the tragedy at Pekin is doled out and even misrepresented, I venture to believe they will find no words too strong in denouncing the tactics of these so-called friendly Chinese officials.

STORY KNOWN TO CHINESE.

"I assert, and do so with all the earnestness of which one is and can be capable, that the story I have told, which was for the first time given out today (Sunday), has been in possession of the Chinese authorities, as I cabled, since Monday last, and since then they have concealed it, partly to minimize the chances of an outbreak of vengeance on the part of the powers and partly to make matters easier for Pekin from the hurricane which is about to burst on the country.

"The messages which have been reaching official sources here all came from General Yuan-Shih-Kai, the governor of Shan-Tung, who has undoubtedly been fully conversant with events in Pekin. Yuan-Shih-Kai is pro foreign to a certain extent, purely, however, because he wishes to be on the side which will win, and not in the least from any progressive sympathies.

SHENG WILLING ACCOMPLICE.

"Accordingly he communicates with Sheng, the Taotai of Shanghai, a man of kindred instincts, and the two agree upon the publication of just so much as they think advisable.

"After announcing the safety of the legations up to July 2, 3, 4 and 5, Sheng officially announced on Friday last that he had received the following telegram:

"'On July 6 the foreign troops made a sortie from the legations and killed 100 boxers, which so incensed the troops of General Tung-Fuh-Siang that he ordered the guns which for a long time had been trained on the legations to be fired.'

TRUTH BUT ILL CONCEALED.

"Every one at once must know that this meant the end, for the Chinese mind works in crescendo, and therefore no one was surprised when Sheng later on the same day gave out a second message from Yuan-Shih-Kai, as follows:

"'Boxers and riotous troops attacked the legations on the 7th, but were driven back with loss. They then brought up guns to breach the walls.'

"Yuan-Shih-Kai then added that he was plunged in ten-fold grief at the position of China and the foreigners.

MASSACRE IS ADMITTED.

"Now I learn officially that the massacre at Pekin is admitted.

UNPARALLELED PROPOSAL.

"Yet will it be belived that Sheng, knowing as he must that all the foreigners are dead, has actually proposed to the Americal consul to cable the American government a proposal from the Chinese government to deliver all the foreigners safely at Tien Tsin in exchange for the powers agreeing to suspend operations north of Pekin, and that the ministers, with Li Hung Chang and Liu Kun Yi, should come to Shanghai to negotiate the settlement."

"That he did make such a proposition I now have positive information.

NEVER RECEIVED GOOD NEWS.

"Sheng never received any advices containing favorable news or evidence that the legations were alive at Pekin, although he issued it and vainly tried to get the British consul to believe it. In an interview on Friday with the British consul Sheng stated that Yuan-Shih-Kai desired to be accepted as a party to arrangements for preserving peace on the Yong Tse."

"This is the story of the massacre, and upon the heels of it comes the news that the position in Manchuria is exceedingly serious also.

"The boxers have attacked Port Arthur and Talien-wan, though the Russians finally drove them off, but only after heavy losses. The boxers even penetrated to Khabarovsky, in the extreme northeast corner of Manchuria, 800 miles from Port Arthur, and there suffered defeat.

"At Bodune, after two missionaries had been murdered, a general massacre of Europeans followed."

REVENGE FAR OFF.

London, July 16.—"Revenge today, mourning tomorrow," is practically the universal cry of Europe, but it is sorrowfully admitted that there can be no revenge today, nor perhaps for many tomorrows for the incredible barbarities that are reported to have marked the last scenes within the legations at Pekin. Nothing is clearer than that the anti-foreign conflagration in China is rapidly permeating even hitherto quiescent provinces; and, though it is recognized that every day which leaves Pekin in the power of the mob increases the perils and difficulties of the situation, nothing comes from the diplomats of Europe to show that the powers have overcome the jealousies, resulting in general impotency, to which is commonly ascribed the sacrifice of the handful of women, children and men comprising the international colony in Pekin. Nothing has been received today to add to the information previously obtained regarding the massacre.

The only ray of light extricable from the press messages appears to be the statement that Ching and his followers did their utmost in defense of the legations. The rebels, however, are evidently greatly in the majority, and a few loyalists are helpless before the hordes who have joined and are daily joining the blood-stained Camarilla who have usurped authority at Pekin.

The fate of the capital appears to threaten other towns, like Tien Tsin, Che Foo and even Shanghai.

The defeat of the allied forces at Tien Tsin seems to place that town in desperate straits, and if retreat to Taku is necessitated, observers consider that it will be likely to decide the policy of wavering viceroys.

The departure of Admiral Seymour from Tien Tsin and the movement of warships toward Shan-Hai-Kuan, on the Gulf of Lalo-Tung, are taken to indicate that this route may be adopted for an advance on Pekin, which is distant 70 miles from Shan-Hai-Kuan.

The members of the Chinese legation this morning still assert that they have no information concerning the fate of the foreigners in Pekin.

The war office today issues a dispatch from General Dorward, dated Tien Tsin, July 11, which adds little to previous information. The Chinese, according to this dispatch, attacked the station the morning of July 1st and were repulsed, after four hours' hard fighting, in which 500 of the enemy were killed. On July 9 General Dorward, commanding a force of 100 Americans, 950 British and 400 Russians, and General Fukahima, commanding 1,000 Japanese, attacked the Chinese and captured their positions southwest of the city, killing 350 and capturing four guns. American and Japanese troops subsequently rushed and took the western arsenal. General Dorward adds that the day's honors rested with the Americans and Japanese.

There were no casualties among the Americans or the Russians.

FEARS NO UPRISING.

San Francisco, Cala., July 16.—Ho Yow, Chinese consul general, considers the rumors which have come from the east of a threatened uprising in this city against the Chinese residents, as utterly groundless.

"Never since the administration of my consulate," he said, "have there been fewer cases of violence against the Chinese. In fact, I fail to recall a single case in any part of the district within the last two months that in any way indicates hostility to my countrymen on account of the difficulties at home.

"We have every reason to feel satisfied with the treatment we have received and I can see in the wise course the United States is pursuing in the present crisis, a far better understanding between the two nations than has heretofore existed.

"There may be an attempt on the part of the Sand Lot agitators to precipitate an attack on Chinatown. I do not believe, however, that they will be able to control a very large following or that the better element of the community will lend moral support to such a movement."

CHINESE SYMPATHY.

Berlin, July 16.—The German consul at Che Foo, having communicated to the governor of Shan Tung, the emperor's offer of a reward of 1,000 taels for the rescue of foreigners in Pekin, has received the governor's reply, which is dated July 13, to the effect that the shutting up of the foreigners in Pekin has deeply touched his heart, but that attempts to relieve them have failed owing to the revolt in Chihli, but, the governor adds, he will again try his best to effect their release.

At the foreign office here there is no question as to the correctness of the Chinese news of the massacre of the foreigners in Pekin.

Officials take the view that it is against the interests of the Chinese to admit that there has been a massacre and that, therefore, the Chinese official dispatches on the subject are, for once, probably true. Regarding Tien Tsin, the foreign office latest dispatches from Admiral Bendeman declare that the situation has improved, as reinforcements continue arriving. The foreign office, while deeply deploring the horrible events at Pekin, expresses confidence that "henceforth the powers' solidarity of interests will assume perfect harmony."

The foreign office further stated that Dr. Mumm Von Schwarzfestien (appointed minister to China in succession to the late Baron Von Ketteler) will proceed to China, notwithstanding the latest developments.

Regarding the anomalous position of the Chinese minister here, the foreign office said the minister admittedly does not know from whence the declaration of June 25 emanated. He also admitted that he could not vouch for the correctness of all the Chinese dispatches he had received lately. The foreign office pointed out to him that until the situation became clearer all official communications could not be considered as emanating from the Chinese government. The foreign office is also considering whether unlimited telegraphic connection between Lue-Hai-Huan, the Chinese minister to Germany, and China incompatable just now with Germany's interests, today issued orders inhibiting Chinese legation dispatches.

The British embassy here has thus far received no news from London confirming the news of the massacre of foreigners in Pekin. Lord Gough still doubts if there has a been a massacre, the Chinese news having been all along unreliable.

PREPARED FOR THE WORST.

Berlin, July 16.—The correspondent here of the Associated Press has received private information from London that a letter was received there from Lady Claude MacDonald (wife of the British ambassador at Pekin), written when the situation was growing threatening, saying that all the ladies of the legation had supplied themselves with poison.

THE NEWS FROM WINONA

Winona Lake, Ind., July 16.—Yesterday was the usual quiet Sunday at Winona. Services throughout the day were excellent and well attended, the day being cool and comfortable, delightful breezes fanning from the lake all day. Many persons came from Warsaw, Fort Wayne and other near points for a day's rest.

Rev. W. H. Hindman, of Lincoln, Neb., William Jennings Bryan's pastor, preached the regular Sunday sermon in the morning. The auditorium was crowded, and the discourse excellent and powerful. His theme was "The Church of the Twentieth Century."

Miss Cornelia Grahn sang the offertory yesterday morning, "Lord We Pray Thee." Miss Grahn's voice is magnificent, full of music. The Winona chorus also did some very commendable singing, especially in "O, Lord, How Manifold Are Thy Works."

Master Earl Gulick, the famous boy soprano, of New York, will give a voice-solo recital Wednesday. Hundreds of visitors are anticipating coming to Winona Wednesday evening especially for this great star attraction.

The ex-state league ball team of Marion defeated the Winona team Saturday by the small majority of 16 to 2. Had not the Winona boys run in a "tally" in the last inning the game would have been strictly democratic. Winona was strong at the bat but poor in the field, which was due to lack of practice, the team being entirely new.

The Y. P. S. C. E. is holding its first weekly picnic at Yarnelle Point this afternoon. Quite a large crowd crossed the lake for a pleasant outing.

Tomorrow night will occur the annual spelling bee. As $35 in prizes is offered, the highest being $20, an interesting contest is anticipated. Everyone should enter—the more the merrier.

This evening a reception will be given to the faculty of the summer school at the Inn. Warsaw, Fort Wayne, and in fact, all other people are invited.

Miss Ethel Magrew, of Greenfield, Ind., will come today with Miss Yarnelle from Wabash to visit her uncle, E. F. Yarnelle, and family.

On account of the shower last evening the hillside service was held in the auditorium. Prof. Keeper Fullerton left, and delivered a splendid address on "The Friendship of Christ."

Yesterday afternoon in the auditorium Dr. Fulton, the recently returned missionary from China, delivered a most able, interesting and instructive address on "Chinese and the Boxers." Mr. Fulton being a missionary, had considerable experience with these rebels.

Fred Hibbinger, a ten-year-old lad living in Nebraska, was playing along the river bank this afternoon, and ran a thorn about an inch long to the bone in his foot. The lad was carried to the office of Dr. O. B. Stemen, where the thorn was extracted. The injury is a most painful one, though not serious.

Editor E. W. Miner, of Garrett, is at the Randall.

ALLIES REPULSED.

(Continued from First Page.)

gallant services in the battle of Bethseda Church, and during the campaign before Richmond." During the war of 1861-65, with his regiment, in the Army of the Potomac, he participated in the battles of Cedar Mountain, Bull Run, Chancellorsville, Gettysburg (where he was wounded), Bethseda Church and the seige of Petersburg. Since the war of the rebellion he served on the frontier, etc., to April, 1898; commanding his regiment in Florida, and in the Santiago campaign to July 1, 1898, when he was wounded in the battle of San Juan, Cuba; on sick leave to April, 1899, and commanding his regiment en route to and in the Philippine islands, and in command of the First brigade, Second division, Eighth army corps, January 15, 1900, to April 18, 1900; commanding his regiment in the Philippines to June 27, 1900, when he sailed with it for Taku, China.

CAPTAIN DAVIS.

Capt. Austin R. Davis, United States marine corps, also killed, was a native of Georgia. He entered the marine corps as a second lieutenant on July 1st, 1891. He went out to the Philippines in April, 1899, in charge of the marines who took over the Cavite naval station from the miltary branch. His commission as captain in the marine corps is dated March 3, 1899.

CAPTAIN LEMLEY.

Capt. William B. Lemley, of the marine corps, who is reported as wounded, is a native of North Carolina and a nephew of Judge Advocate General Lemley, of the navy. He entered the corps on its increase in March, 1899, being attached to the staff as an assistant quartermaster with the rank of captain.

LIEUTENANT BUTLER.

Lieut. Smedley D. Butler, of the marine corps, also wounded, was one of the new officers in the service, having been appointed from Pennsylvania in April, 1899. He was sent to the Philippines immediately upon his appointment and was one of the officers drawn from the Cavite station by Admiral Kempff at the beginning of the fighting at Taku.

LIEUTENANT LEONARD.

Lieut. Henry Leonard, of the marine corps, was appointed to that service from the District of Columbia in April, 1899. He accompanied Lieutenant Butler to the Philippines soon after his appointment and also joined Kempff's forces at Taku.

MAJOR REAGAN.

Major James Reagan, of the Ninth infantry, entered the military service from New York as a musician in company H, Second infantry, before the civil war. He served throughout the war and received a commission as second lieutenant in the Eighteenth infantry in December, 1866. He was assigned to the Ninth infantry as a first lieutenant in 1870 and has been attached to that regiment ever since, becoming captain in 1887 and a major in 1899.

CAPTAIN BOOKMILLER.

The Captain Buckmiller referred to in the dispatches as having been wounded is Capt. Edwin V. Bookmiller. He is a West Pointer, entering the academy from Ohio in 1885. His first commission was that of a second lieutenant in the Second infantry in 1889. He became attached to the Sixteenth infantry in 1890 and joined the Ninth infantry by transfer in the same year.

CAPTAIN NOYES.

Capt. Charles R. Noyes, of the Ninth infantry, is adjutant of the regiment. He also was a West Pointer, having been appointed from Massachusetts in 1875. He got his first commission as a second lieutenant in the Ninth infantry in 1879 and has been with that organization ever since, becoming first lieutenant in 1887 and captain in 1898.

JAPANESE AID RUSSIANS.

Washington, July 16. The Japanese legation today received a cable from the minister for foreign affairs, dated Tokio, July 10, giving some belated details of the fighting at Tien Tsin July 3, when the town was still in possession of the allies.

According to this cable there are 4,000 Japanese troops at Tien Tsin. More than half the allied troops in the attack on Tien Tsin on the 13th, therefore, probably were Japanese. The cable is as follows:

"On the 3d inst. a large body of Chinese soldiers appeared before Tien Tsin and attacked the northern part of the settlement, which was guarded by the Russian troops. The Japanese sent to their aid, at the Russian general's request, one battery of artillery and two companies of infantry. After a heavy cannonade, they silenced the Chinese gun and finally repulsed the enemy."

The Japanese losses in this engagement were two officers killed and about thirty non-commissioned officers and men killed or wounded.

Major General Fukushima has now under him at Tien Tsin about 4,000 Japanese troops.

Youngstown	23	48	.324

Manager Finn brought his alleged Gients from Youngstown to Fort Wayne to play a transferred game yesterday and the result was a big base ball slaughter. Rosebrough, who has always heretofore been effective against the Fort Waynes, assayed to pitch, but from the beginning to the end of the game his curves were driven to all parts of the lot. Brashear hit the ball over the fence the first time at bat and thereafter the left-hander was batted hard and consecutively, every member of the team except Hollingsworth making a hit, and Brashear smashing out four in five times at bat. The fielding of the Youngstowns was not good and the truth told. Fort Wayne was not any better in the field than the visitors. Ream and Kleinow were in the points for the Fort Waynes and they did fairly well, considering that it was their first time together in a professional game. Ream was very wild, giving five bases on balls and hitting four batsmen. He was effective with men on bases, however, except in the second inning, when he forced a run over the plate by giving a base on balls. Kleinow did great work behind the bat, and after the Finnites had seen him make two throws to second base and get his men by several feet they made no further attempts to steal. Outside of the heavy hitting of the Fort Waynes, there were no features of the game, the general play being very commonplace. In the eighth inning Rosebrough was given an awful drubbing, but the best story of the game is told in the following complete score:

The Maroons-Old Fort game was forfeited to the Old Forts.

O'Rourke, of the Blues, has been released.

NOTES OF THE GAME.

Manager Miller took Kleinow with him to Youngstown and it is possible Bergen may be sent home to rest up.

Brashear's record of a single, two-bagger, three-bagger and home run in one game is not often duplicated in a season.

The Fort Waynes and Youngstowns left for Youngstown over the Nickel Plate last night and will play three games in that city this week. The Fort Waynes will then go to New Castle for three games and return to this city with the Quakers next Sunday.

The Shamrock Juniors defeated the Brickyards by a score of 31 to 28. The features of the game were the battery work of Ryan and Haffner and the batting of Belger. Batteries—Shamrock Juniors, Belger, Ryan and Haffner; Brickyards, Diehm and Bohn.

The Shamrocks played two games in Chicago yesterday, winning one and losing the other. The Cranes were beaten in the morning by a score of 6 to 3 with Quinn, Robbins and Braden doing the battery work for the Shamrocks. In the afternoon the Chicago Unions, colored, defeatrd the Shamrocks 11 to 4. The Fort Wayne semi-professionals scored all their runs in one inning, O'Meara lining out a home run. Robbins and O'Mrara were in the points.

The Toledo correspondent of the Cincinnati Enquirer keeps up his disreputable attack on President Power and as a result does the Interstate league no good. Mr. Power has been one of the successful minor league presidents and for four years has succeeded in keeping the Interstate league intact. When there are indications of a break he has straightened matters out and as a consequence the Interstate ranks as the best minor league in the United States. Power's great fault is the attention he pays to the kicks of Strobel and other league magnates on umpires. Strobel can deny all he pleases, but the truth only is told when it is said that he and Gilks asserted that the Toledos would not play a game when Carruthers was to umpire—and Bob is about the best there is in the Interstate.

Billy Barnie, the well known base ball manager, died in Hartford, Conn., Sunday after a short illness, he having suffered with pneumonia. Barnie was one of the best known base ball me in America and a quarter of a century ago was a great catcher. In 1892 he managed the Fort Wayne Western league team.

THE MARKETS.

Chicago, July 16.—The corn market began the day on the board of trade by attracting the major share of attention by its activity in relinquishing gains made on drought reports from the big growing belt. There were rains in Nebraska, Kansas and other portions of the belt yesterday and there were more of them today. The gladsome tidings that the drought was broken came in from all directions. Longs were heavy sellers. Sept. opened 1⅜c to 2⅛c under Saturday at 43 to 42c and sold off to 41⅝c, meeting practically no supports.

Later Sept. dropped to 76⅝c, recovered ⅞c and closed weak, 2c lower at 77⅛@¼c.

A rally to 42c followed but the market had practically no support and Sept. slumped to 40½c before 11 o'clock. Receipts were 720 cars. Liverpool was steady.

Wheat was weak mostly with corn, but also affected by weak cables, rains in the northwest and improved reports of crops in that section, and a slack demand. Sept. opened ⅛c higher to ¼c lower at 78c to 77⅞c and sold off to 76⅞c, reacted to 77¼c and slumped to 76½c. Receipts here were 108 cars, 17 of contract grade. Minneapolis and Duluth reported 287 cars against 190 last week and 750 a year ago.

Later the market sagged to 40⅝c, where it steadied and on covering recovered to 41¼c. The close was weak, Sept. 2⅞@3c under Saturday at 40⅝@41c.

Oats broke in sympathy with corn. September opened ⅛c to ⅜c lower at 24¼@24c and declined to 23⅜c. Receipts were 187 cars.

The provision market was weak, hit by the corn break, large receipts and easiness in the market at the stock yards. Sept. pork opened 5@7½c down to $12.47½@15 and declined to $12.22½; Sept. lard began the session 2½c depressed at $6.85@87½, easing to $6.80@82½, and Sept. ribs 5c lower to 2½c higher, dropping to $6.82½c.

THE CLOSE.

Prices at the close were as follows:

Wheat—July, 76c; Aug., 76⅛@⅜c; Sept., 77⅛@6¼c.

Corn—July, 40⅜c; Aug., 40⅝@¼c; Sept., 40⅞@41c.

Oats—July, 23½c; Aug., 23⅜c; Sept., 24c.

Pork—July, $12.05; Sept., $12.25.

Lard—July, $6.72½c; Sept., $6.80; Oct., $6.82½; Nov., $6.80.

Ribs—July, $6.70; Sept., $6.80; Oct., $6.80; Jan., $6.00.

Flax—Cash, $1.30; Sept., $1.33; Oct., $1.33¼.

CHICAGO LIVE STOCK.

Chicago, July 16.—Cattle—Receipts 20,000; steady to slow. Good to prime steers, $5.10@5.70; poor to medium, $4.30@5.00; stockers and feeders, $3.15@4.75; cows, $3.00@4.75; heifers, $3.00@5.00; canners, $2.00@2.80; bulls, $2.75@4.50; calves, $4.50@6.85.

Texas fed steers, steady, $4.20@5.00; grass fed steers, $3.10@4.10; Texas bulls, $2.50@3.25.

Hogs—Receipts today, 34,000; tomorrow, 20,000; left over, 2,400; generally 5c lower; top, $5.37½; mixed and butchers, $5.05@5.37½; good to choice, heavy, $5.15@5.37½; rough, heavy, $4.95@5.10; light, $5.10@5.37½; bulk of sales, $5.20@5.35.

THE DAY ON WALL STREET.

New York, July 16.—The depression in foreign markets on account of Chinese news did not much affect American securities and prices here were generally higher at the opening. Five thousand shares of Union Pacific changed hands in the first transactions at 56c to 55½c, compared with 55¼c on Saturday. Baltimore and Ohio and New Jersey Central were up about a point. The dealings were on a very small scale otherwise, and prices yielded a fraction after the opening.

Free offerings of Brooklyn Transit revealed stop loss orders which drove it down to 52. This had only a momentary depressing effect on the general list, as the confident buying of Baltimore and Ohio and Union Pacific produced a sharp rise all around. The leaders were taken on expectations of favorable forthcoming dividend announcements, and Baltimore and Ohio's excellent June statement. Union Pacific's rise was 1⅞ and Baltimore and Ohio 2½. American tobacco opened 1¼ off ex-dividend and recovered fully. In the other prominent railroad and industrial stocks advances were effected easily. Brooklyn Transit came back to near 53 on a demand from the shorts.

A relapse into the semi-stagnant condition of last week was without effect on the prices. Strength in sugar was caused by a further 10 point rise in grades of the product. American ice, common and preferred, improved 2 and 1½ points respectively.

Near midday trading became more active on a rising scale.

Particular strength in the corn carrying grangers developed on news of copious rains in Nebraska and Kansas. Bonds were dull and without decided tone.

NEW YORK PRODUCE.

New York, July 16.—Butter—Receipts 13,033 packages; market steady; creamery, 16½@19c; current packed factory, 14@16c.

Cheese—Receipts 12,232 packages; firm; large, colored, 9¼@9⅝c; large, white, 9¼@9⅝c; small, white, 9¼@⅝c; small, colored, 9¼@⅝c.

Eggs—Western at mark, 11@13½c; for average lots, western loss off, 13c.

Sugar—Raw, drm; fair refining, 4 5-16c bid; centrifugal, 96 test, 4 13-16c bid; molasses sugar, 4 1-16c bid.

Coffee—Firmer; No. 7 Rio, 9¼@⅜c.

THE MONEY MARKET.

New York, July 16.—Money on call steady at 1½ per cent.; prime mercantile paper, 3½@4½ per cent.; sterling exchange, firm, with actual business in bankers' bills at $4.87¼@¼ for demand and at $4.84¼@¼ for sixty days; posted rates, $4.85 and $4.87½@88; commercial bills, $4.83¾@5⅛; silver certificates, 61¾@62¾c; bar silver, 61⅛c; Mexican dollars, 48¼c.

THE BOND MARKET.

New York, July 16.—Government bonds steady.

DEATH OF MRS. J. L. SIEVERT

PASSED AWAY THIS MORNING FROM CONSUMPTION.

George McBride, Veteran Pennsylvania Storekeeper, is No More —Other Deaths.

Mrs. Laura Edith Sievert, wife of J. L. Sievert, passed away at 11 o'clock this morning at the family residence, 79 Calhoun street. Death was due to consumption. Nearly one year ago Mrs. Sievert's health began breaking down, though she improved later, and until three months ago seemed to be on the road to recovery. Since that time, however, she has gradually declined until death came this morning.

Mrs. Sievert was born in Ohio, and was thirty-one years of age. She was married to Mr. Sievert at Fulton, Mo., in 1893, and they removed to this city about two years ago. There are no children. Her parents and one sister reside at Wilmington, Ohio.

The funeral services will probably be held on Wednesday afternoon, conducted by I. N. Woods.

M'BRIDE.

George McBride, storekeeper for the Pennsylvania Railroad company, and a citizen of Fort Wayne for half a century, died at 11 o'clock Saturday night at his home, 374 Calhoun street. Death was due to general debility.

Mr. McBride was a native of Ireland and had reached the age of sixty-six years. He came to Fort Wayne fifty years ago, and has since been continuously a resident of this city. Surviving are the widow and an adopted daughter, Mrs. Maggie Hearlihie.

Mr. McBride was widely known, particularly among the railway people, and was highly esteemed. He was a member of St. Patrick's Catholic church, the Catholic Benevolent legion, and Ancient Order of Hibernians and the Voluntary Relief association of the Pennsylvania company.

The funeral services will be held from St. Patrick's Catholic church Tuesday morning, at 9 o'clock.

LINDER.

Willis Linder, the infant son of Mr. and Mrs. Louis Linder, of 36 Watkins street, died at midnight from cholera infantum, at the age of seven months and six days. The father of the little one is a knitter at the Wayne Knitting mills.

Funeral services will be held from the residence Tuesday morning at 9:30 o'clock.

GARMAN

John M. Garman died at Hope hospital Sunday morning from heart failure. He had been a patient at the institution several weeks and came to the city from Logansport. A brother, Scott Garmann, resides at Bath, N. Y., and a sister is Mrs. Anna S. Hamilton, of 604 McClure street, Marion.

The remains were taken to the Peltier undertaking establishment and prepared for burial. They will be shipped to Bath, N. Y.

WOJEIECHOWSKA.

The infant son of Mr. and Mrs. Stanislaus Wojeiechowska, of 8 Force street, died at 5 o'clock Sunday morning from cholera infantum, at the age of eleven months.

The funeral services were held this afternoon from St. Peter's Catholic church.

A VENETIAN NIGHT.

The Rome City Cottagers' association, composed of those who make that resort their annual watering place, are preparing to give another "Venetian night" this year and will hold a mass meeting next Sunday afternoon in the Tabernacle for the purpose of making preliminary arrangements for the celebration. The celebration last year was given under the direction of John Mohr and was a decided success in every respect. Over 150 boats took part in the procession and the illuminations were very fine. This year it is expected that 300 boats will be in the procession, including a number of steam launches, which will be specially decorated. There will be a grand display of fireworks, a band concert and numerous other attractions. The celebration this year will again be under the direction of Mr. Mohr.

SAD DROWNING.

Charles L. W. Gross has returned from Anderson, Ind., where he was summoned on account of the drowning of his brother, Earl, last week. The young man was wading about in the shallow water in White river about five miles from Anderson, and when a short distance from the bank, stepped into a hole about eighteen feet deep. There was a small whirlpool near the spot and the young man was drawn into it, and being unable to extricate himself, was drawn under and drowned. His friends made every effort to assist him, but of no avail. The accident occurred at 1 p. m. and the body was not recovered for five hours. The young man was 18 years of age and was well known in this city, where he frequently visited. He had intended visiting his brother next week.

CURTIS GUILD DECLINES.

Washington, July 16.—Curtis Guild, of Boston, Mass., who was tendered the appointment of first assistant postmaster general, to succeed Perry S. Heath, has declined to accept the office. The reason given for his action is the pressure of private business interests.

WIRE DRIVEN THROUGH FOOT

HUFFMAN STREET LAD IS BADLY INJURED.

Steel Umbrella Rib Penetrates His Foot Lengthwise a Distance of Seven Inches.

Geoffrey Frederick, the little son of Mr. and Mrs. Samuel Frederick, of 7 Huffman street, was badly injured in a peculiar manner this morning. A broken piece of steel umbrella rib, seven inches in length, was driven into the lad's foot lengthwise of the member, and Drs. C. E. and J. E. Stults were obliged to cut the metal out.

The boy was at play, and in jumping he struck the steel, which was partially imbedded in the ground. It entered the foot between two of the toes, passing through the bottom of the foot to the heel. It struck against a bone and was bent downward, and this increased the difficulty of removing the wire. It was badly rusted and this fact makes the wound still more serious. The boy is about 12 years of age and his injury will lay him up for a considerable time.

MAYOR VAN WYCK PROTESTS.

New York, July 16.—Mayor Van Wyck sent a letter today to President York, of the police board, in which the writer protests against the match between Erne and McGovern billed to come off at Madison Square Garden tonight, on the ground that the garden is not the property of any chartered boxing club; has not been leased for one year for the exclusive purpose of holding boxing matches and the fight will therefore be contrary to the Horton law. The letter was sent to Chief Devery with instructions to investigate and use his discretion.

HARRISON TO MAKE SPEECHES.

Indianapolis, Ind., July 16. Ex-President Harrison will make a few speeches in this state during the closing days of the campaign, perhaps in the last two weeks of October. He will return from his summer home in the Adirondacks late in September or the first week in October, and as soon as he disposes of some personal matters that will claim his attention on his return he will make a few speeches in the larger cities of the state. It is said among his personal friends that he is not fully in accord with the administration in some of its measures, and especially in the legislation that placed a tariff against Porto Rico, and he also believes that congress should have legislation against trusts, which he regards as abusing their power. Notwithstanding these facts, he is said to regard the theories of Bryan as dangerous and will oppose them with as much earnestness as he did in 1896. He is taking a great interest in the election of W. T. Durbin, the republican nominee for governor, who has been one of his close friends for several years, and it is this interest, the latter's friends say, that has induced the ex-president to consent to speak in the campaign.

FRANCE DIVORCE ON TRIAL

A LARGE NUMBER OF WITNESSES TESTIFY.

Final Arguments in the White-Godfrey Case—News Gathered in the Courts.

Judge Vesey is today hearing evidence in the divorce case commenced by Flora B. France vs. Philip France. Some of the testimony is very sensational and quite racy. One witness refused to use the language which the husband is alleged to have uttered in the presence of the children and the testimony was written on a sheet of paper and handed to the court reporter. A. H. Bittinger appears for plaintiff and Wilmer Leonard for defendant.

NOTES.

Judge Vesey was to have heard arguments in the case of White vs. Godfrey, but hearing was postponed until next Friday.

The Tri-State Building and Loan association has commenced suit against J. O. Keller, the Keller Dental Manufacturing Co. et al. On petition of the plaintiffs the Fort Wayne Trust company was appointed receiver of the dental company.

The offices of Assessors Thomas Greer and M. V. Welsh were today moved from the Saengerbund building to the new court house.

Judge Vesey has admitted Gottlieb Lennenberger and John Michael to citizenship.

The following cases have been dismissed in the superior court: Perrin vs. Cromwell, Agster vs. the Fort Wayne Traction company, Bufink vs. Knowlton, Feicnter vs. Knowlton, Dennis vs. Knowlton.

George W. Brower has commenced suit for $2,500 damages against Frederick J. Hayden.

'Squire France fined Lena Metz $1 and costs for assault and battery on a lad named Lester E. Miller.

NO VISITORS DISTURB BRYAN.

Lincoln, Neb., July 16.—For the first time since he was nominated for president, William J. Bryan had no political visitors yesterday. With his family he attended church in the morning, and from there went to the funeral of Deputy Auditor of State C. C. Pool, who died Saturday. Mr. Pool was one of Mr. Bryan's oldest friends and supporters. Mr. Bryan and a few local friends drove to the thirty-acre suburban tract owned by the presidential candidate, and spent a part of the afternoon. It is a sightly place, which Mr. Bryan likes to visit, and where he will build, eventually, a home in which to live permanently. The party was obliged to hurry to the city to escape a drenching rainstorm, which served to keep all indoors the rest of the evening. The present week Mr. Bryan hopes to make good headway in the work he has on hand. The bulk of his correspondence, which accumulated during the busy times of convention week, is nearly disposed of, and the more exciting duties of preparing for the campaign will be given attention. It is not improbable that he may find an opportunity before going to Indianapolis of taking a short fishing trip, but this will be secondary to actual duties, and he has no other plans mapped out, he says, than remaining in Lincoln. The date of leaving for Indianapolis is not announced.

The horse business is good all the world over. One hundred and fifty thousand horses and mules have been landed in South Africa since the beginning of the war.

In Boston recently four persons died from lockjaw. All of them received wounds in their patriotic celebration of Bunker Hill day. Giant firecrackers were the particular agents of their misfortune.

Use The Sentinel Want Columns.

DAVID CITY, Neb., April 1, 1900.
Genesee Pure Food Co., Le Roy, N. Y.:
Gentlemen:—I must say in regard to GRAIN-O that there is nothing better or healthier. We have used it for years. My brother was a great coffee drinker. He was taken sick and the doctor said coffee was the cause of it, and told us to use GRAIN-O. We got a package, but did not like it at first, but now would not be without it. My brother has been well ever since we started to use it. Yours truly,
Lillie Bucher.

EVANS RESIGNS.

WELL KNOWN BOOKKEEPER GOES TO CHICAGO

IMMENSE EXCURSION PARTIES

NEARLY EVERBODY ON THE MOVE YESTERDAY.

MAN KILLED AT FOSTORIA

WALKING ON TRACKS WHEN RUN DOWN BY TRAIN.

Bert W. Evans has resigned the position of bookkeeper for Rhinesmith & Simonson, the lumber dealers and manufacturers of doors and sash. He has accepted a responsible position, similar in character to the one he has just vacated, with a large manufacturing establishment in the Windy City, and went up there last evening with the intention of assuming the duties of the office this morning. Mr. Evans has been in the office of Rhinesmith & Simonson ever since he finished his school term, first in a minor position and later succeeding his brother John Evans, when that gentleman was called to the city hall building in a responsible clerical position. Bert is a member of Westminster church and for eight or nine years has been prominently connected with all the movements looking toward the advancement of that congregation and the cause of christianity in general. He is also popular with all his acquaintances and, while they will rejoice in his advancement, they will regret his removal from the city. His successor at the office of Rhinesmith & Simonson has not been selected. The position is a desirable one and there will be no lack of applicants.

TEXTILE WORKERS' UNION.

A branch of the National Union of Textile Workers of America was organized here Saturday evening, the meeting being held at Randall hall. A meeting had been called for that purpose a week ago, but a terrific storm compelled a postponement until last Saturday, when fully 200 of the Knitting mills' employes were in attendance. The membership roll embraces nearly the entire force in the mills and the union is destined to become one of the strongest labor organizations in the city. George R. Hench, John Koch and Thomas Phillips composed the organizing committee from the Trades and Labor council and the new union will be represented in the council by Mesdames Feigel and Neise and the Misses Gertrude Webber, Sadie Klepper and Hannah Leitelsinn. The officers of the union are.

President—Miss Gertrude Webber.
Vice President—Miss Elsie Ludwig.
Recording Secretary—Mrs. Short.
Financial Secretary—Miss Mamie Volmey.
Treasurer—Miss Edith Norwie.
Conductress—Miss Lydia Shaughnessy.
Wardeness—Miss Anna Nehr.
Trustees—Misses Lillie Wellmeyer, Annie Shuphurst and Lizzie Greive.

The organization of this body of workers about completes the work of the organizing committee, as nearly every trade or class of labor is now organized into a union.

FRANK WOULFE PROMOTED.

Frank J. Woulfe has been fully installed as general agent of the Lehigh Valley road with headquarters at St. Louis, in accordance with the notice of his appointment to the position made in The Sentinel a short time ago. Mr. Woulfe is a Fort Wayne boy and has many friends here who will note with pleasure his advancement in his chosen vocation. Twenty years ago Frank was for a short time reporter on The Sentinel staff, but he retired to accept a clerical position in the Wabash freight office and he has advanced rapidly in that line.

YESTERDAY'S EXCURSIONS

Nearly everybody seemed on the move yesterday. Those who did not remain at home to entertain visitors from other towns or did not go to the park, went to one or the other excursion points out of the city. At least this is the impression gained by inquiries at the depots and the street car offices. Manager Scott, of the Fort Wayne Traction company, reports the largest Robison park business of the season and some of the ticket agents make a similar report.

The Lake Erie and Western had an excursion from Indianapolis to this city and it required twenty cars and two locomotives to handle the crowd, which numbered over 800 persons.

The Findlay, Fort Wayne and Western brought in a larger crowd than usual, it numbering 146.

The Grand Rapids and Indiana carried nearly 1,000 people to Rome City, the two trains being loaded to their full capacity. Besides 400 trip tickets taken up by the conductors, there were 522 excursion tickets, the greatest number of the season.

The Wabash sold 144 tickets to Toledo and thirty-seven to Put-in-Bay, which is also better than any of the previous excursions except the one taking the "fans" to Toledo to see the opening ball game.

MAN KILLED AT FOSTORIA.

John Fisher was run down by Nickel Plate train No. 5, at Fostoria, Ohio, at 5:30 last evening, cutting off both legs between the ankles and the knees. The wounded man was picked up by the railway employes and conveyed to a hospital, where everything possible to save his life was done, but in vain and he died at 5 o'clock this morning. Fisher was a laborer and was in poor health, having only recently left a hospital in Cincinnati, where he was treated for diseased eyes. He was en route east and in Fostoria he stepped off one track to allow a freight train to pass and did not notice that the passenger train was approaching in his rear. He had no relatives nor friends, he said, who would be likely to be interested in him and he will be buried by the Fostoria officials.

WRECK AT LAFAYETTE.

The second section of freight train No. 75, on the Pittsburg road, ran into a work train at Lafayette, Ohio, shortly after 4 o'clock Saturday afternoon. The engines, Nos. 228 and 248, each had their tank frames broken and the tanks themselves were considerably battered. Two flat cars were completely destroyed and others were slightly damaged. The tracks were blocked until 11 o'clock and some of the passenger trains had to detour, while others awaited the clearing of the tracks and were greatly delayed. Engineer W. H. Shelby, of the freight train, was more or less bruised, but not seriously hurt. George VanAtsdale was at the throttle of the engine on the work train. He was not injured. The engines were brought here for repairs last night.

NEW DETROIT SERVICE.

Col. R. G. Thompson is negotiating a deal, which, if successful, will give our people an opportunity of visiting Detroit and returning here any Sunday during the summer and fall months. The train leaving this city at 5:50 in the morning reaches Toledo in time for its passengers to take the steamer for Detroit, but there is no train out of Toledo in the evening upon which the passengers could return here at a seasonable hour. Mr. Thompson proposes a special train which will leave Toledo at 6:30 in the evening, after the arrival of the boat from Detroit, to bring the Fort Wayne people and those from intermediate points home. Such a service would be appreciated by our citizens and no doubt would be a money-maker for the Wabash road. Colonel Thompson hopes to effect the foregoing arrangements this week and may be ready to announce the service for next Sunday.

THE LAKE SHORE WITHDRAWS.

Agent Liggett, of the Lake Shore, was this morning notified that that company had today severed its connection with the Northern Mileage association. The Lake Shore some weeks ago became connected with the Central Mileage association and it finds it unprofitable to belong to two associations of that character, hence the withdrawal from the Northern.

INDUSTRIAL NOTES.

W. F. Urbahns, Nickel Plate train dispatcher, is spending a week at Rome City.

Louis Gronau, of the Pittsburg shops, is kept at home by the illness of his wife.

Frank Closs has returned from Blue lake and resumed his place in the electric works.

Alonzo Schwank has returned from Richmond, Ind., where business for the electric works kept him several days.

W. G. Dragoo, a Pittsburg conductor, has been assigned to the Warsaw work train temporarily. He went down there yesterday.

Merch Baldwin, Nickel Plate train dispatcher, is sick at St. Joseph hospital. His ailment is not of a serious character and he will soon be about as usual.

Among the car builders at the east shops who are off duty today are R. H. Lehman, finger mashed; M. Lackey, J. J. Fielder, H. Lauer and J. E. Koons, sick.

General Manager L. F. Loree, of the Pennsylvania company, is in Chicago today. He passed through this city in his private car this morning on No. 15.

A seven-car train load of emigrants passed through the city this morning, over the Nickel Plate, running as the second section of passenger train No. 5, due here at 2:25.

The Grand Rapids and Indiana officials, including President James McCrea, General Manager J. H. P. Hughart and Superintendent J. W. Hunter, will start upon an inspection tour of the road tomorrow. Their train starts from Richmond and will reach this city in the afternoon.

Foreman Joseph Slater, of the Bass blacksmith shop, will go to South Bend and Mishawaka, Ind., tomorrow to close a contract for some forgings.

Mrs. Joseph Gaskins, wife of the Pittsburg passenger fireman, will arrive home this evening. For two or three weeks she was visiting relatives at Terre Haute.

Theodore Dobler, chief clerk in Foreman P. J. Schrid's office at the Pittsburg round house, is sick and the duties of the office are being performed by W. F. Reps.

Dr. E. F. Wagner, medical examiner for the Pennsylvania relief department, went to Cleveland this morning to attend a meeting of the board and will not return until Wednesday.

Supt. A. M. Schoyer, of the eastern division of the Pittsburg, Fort Wayne and Chicago road, passed through the city this morning, en route to northern Michigan for a brief sojourn.

Operator Finan, of Selby, on the Pittsburg, is taking a vacation and called upon his friends in the company's offices here today. He will go to Monroeville this evening to see his father.

Machinist James Olive, who was struck by lightning some days ago, was able to resume his duties in the Wabash shops this morning, none the worse for his experience with the electric fluid.

Bert Brown and F. G. Wilhelm have resumed positions of brakemen on the Pittsburg road. Some time ago they were transferred to the Erie and Ashtabula branch and put into yard service.

E. S. Turner, J. J. Bougnot and L. F. Johnson, who were engaged upon some special work for the Pensylvania at Pittsburg, have completed that task and Saturday returned here to resume their respective positions in the company's works here.

Theodore Bly, assistant yard master of the Pittsburg, was sent to Chicago to secure accommodations for Grand Army headquarters for Fort Wayne. Besides being a veteran in railway service, Mr. Bly is also a veteran in the service of his country.

July 25, when the Island Park assembly opens, the Grand Rapids and Indiana road will put on an evening train to and from the resort, in order to give Fort Wayne citizens an opportunity to attend the lectures. The train will leave this city at 5 o'clock and returning, leave Rome City at 10:30 o'clock.

C. I. Hale, a Pittsburg fireman, was taken sick at Valparaiso yesterday and Road Foreman Colmey sent Fireman L. F. Barnell to relieve the sick man. Firing a big locomotive these hot days is not a pleasant nor wholesome task and that there are not more failures is the wonder of the hour in railway circles.

The train sheets at Yardmaster Brill's office show that there were handled last week at the east yards 172 trains. They were divided as follows: On the Pennsylvania—eastbound, 1,029 cars, westbound, 2,363 cars. On the Grand Rapids and Indiana—northbound, 428 cars; southbound, 582 cars. For a midsummer week this is an excellent showing.

Mr. and Mrs. Frank Sessions and children left today for Columbus, Ohio, where they will reside in the future. Mr. Sessions was formerly connected with the electric company, but resigned some time ago to take a position in Chicago. Recently Mr. Sessions had a flattering offer from a firm in Columbus, which he accepted, and came here on Saturday to take his family with him.

Edward J. McMahan went to the Wabash railway hospital this morning to receive treatment for an injury which threatens to develop into blood poisoning. He hurt one of his hands slightly last Friday, and yesterday the member became inflamed and very painful. Mr. McMahan recently came here from Frankfort, where he was employed in the Clover Leaf shops.

William M. Brizzolari has accepted a position with the Belden & Larwill Electric company and will soon be a citizen of Fort Wayne. Mr. Brizzolari is an expert electrician and for a number of years had charge of one of the departments at the Fort Wayne Electric works. Two years ago he went to Laporte to join his father-in-law, W. H. Phelps, in the manufacture of some of that gentleman's inventions.

H. L. James is confined to his home, No. 23 Ewing street, with a fractured leg. While riding his wheel on Washington street Saturday afternoon, he collided with a buggy, which was crossing the boulevard on Ewing street, and he was thrown to the pavement with the foregoing result. The ambulance conveyed the unfortunate man to his home. Mr. James is a painter and is employed in the factory of the Indiana Road Machine company.

A number of Pittsburg shopmen, who had been on the sick list or were off duty on account of accidents, reported for work this morning, included being the following: J. P. Schramm, M. Schenlein, John Conners, Thomas Williams, C. Trabaugh, William Dryer, James Roche, Michael Kelliher and Philip Loidier. The latter has been sick with rheumatism ever since last March.

The Grand Rapids and Indiana pay car will arrive in the city tomorrow and the Pennsylvania car the following day.

Foreman T. J. Rodabaugh, of the Pittsburg blacksmith shop, has returned from a business trip to Denison, Ohio.

Joseph Gaskins, who had a hand burned last week, was able to resume work this morning. He is a passenger fireman.

Machinist Allen Hamilton, who is also a member of the school board, has returned from Grand Rapids, where he was the guest of friends and relatives over Sunday.

Switchman Harry Fink, of the Pittsburg, has been transferred from the warehouse engine to the east yards, and Charles Mulcaulb has taken the position in the warehouse engine crew.

A. Tassley and George Meyers, of the Pittsburg shops, are sick and off duty. The following are off duty for unknown reasons: G. Ketchum, R. Volz, W. Lepper, W. J. Richard and M. McGarry.

Mr. and Mrs. A. Parks, of 168 Madison street, have returned from Rome City, where they spent a couple of weeks most pleasantly. Mr. Parks is a trainman on the Grand Rapids and Indiana road.

Contractor H. A. Gottholtmann will give his Sunday school class an outing at Robison park Thursday evening, the scholars meeting at the transfer corner at 7 o'clock and going to the park with their teacher in a body. Mr. Gottholtmann has charge of the Bible class at St. John's Reformed Sunday school and has about twenty scholars.

Indianapolis Journal: "The grievance committee of the Brotherhood of Locomotive Firemen is in session from day to day in Chicago, considering the question of fixing the new monster type of locomotives. The sessions will probably result in asking that the firemen of such locomotives be given shorter runs, or that two firemen be employed."

J. D. Wright, who has charge of the turntable at the Pittsburg round house, is entertaining some visitors from Altoona, Pa. They are Mrs. Margaret Rice, her daughter, Miss Anna Rice, and granddaughter, Miss Adelia Rice, and they will remain here a week or two. Mrs. Rice is the mother of Charles Rice, an employe of the Pittsburg blacksmith shop, who died here some time ago.

A small menagerie, consigned to Martin J. Weller, Reed City, Mich., passed through the city this morning. The baggage car in which the animals were carried broke and a transfer was necessary at this point. The aggregation consisted of three large lions and two cubs and some boxes filled with snakes and it was in charge of a lady with masculine voice and amazonian form, who personally directed the transfer of the cages from the crippled car to another.

TO OPEN HEADQUARTERS.

The democratic county committee at the meeting held Saturday decided that headquarters in the Foster block should be opened permanently this week and Chairman Berghoff has already employed John Wilkinson to act as clerk during the campaign. The doors of the headquarters will probably be open every day after tomorrow.

Joseph Haily, sr., has gone to Pittsburg on a ten days' business trip.

CELERY KING NATURE'S CURE
A Cure for Constipation.
I have been troubled with constipation for years. It was ruining my health, my complexion was a sight, and I had tried many remedies and doctors, and had given up hope, and was trying many other medicines that were supposed to relieve it, but which were of no use whatever. I was then told by my druggist to try Celery King. I bought one dollar's worth and before I had finished the first package I was relieved. I have used Celery King for Constipation, Nerve, Stomach, Liver and Kidney diseases. 6

MAY OPEN WARSAW AND LEITH

BOARD OF WORKS CONSIDERS THE MATTER.

Final Awards of Webster and Thomas Street Pavements Made Tomorrow.

There is a prospect that Leith and Warsaw streets, in the Seventh ward, will soon be extended. Leith street is opened to Lafayette now, but the residents of the Seventh ward are desirous that it should be opened to Hanna and the board will probably soon grant the request. An effort is also being made to have Warsaw street opened from Pontiac street south, but it is probable this request will not be acted upon this season. The board of works and engineer are now trying to determine benefits and damages provided the streets are opened and much will depend on the estimated cost.

MUNICIPAL NOTES.

The board of works will hold a special meeting tomorrow morning to make final decision in the matter of paving Thomas street, from Pontiac to Thayer street, and Webster, from Berry to Jefferson. The five days' limit given property owners to change the decision of the board as to material will expire in the morning. It is believed that there will be no objection offered to the decision of the board and that Webster will be asphalt and Thomas brick.

A remonstrance against granting an interurban franchise on Clay street is being circulated among the property owners of that street and will be acted upon by the board of works. The residents of the street object to the Maumee Valley Traction company being permitted to construct tracks on the street.

THE HORSE SALE

Of the season will be held at the Pittsburg and Fort Wayne Stock Yards, Fort Wayne, Ind., beginning at 10 a. m. Tuesday, July 17.

150 MONTANA HORSES.

Seventy-five head of one and two year old, and seventy-five driving and general purpose horses. All good size, heavy bone and well bred. These colts are all sired by the best bred English sires, Percheron, Normans and Belgium horses, and when matured will make horses weighing from 1400 to 1600 pounds.

Six month time given to all purchasers giving bankable note bearing six per cent. interest. Five per cent. per annum off for cash.

Big Bunches Best Celery, 10c.
Plenty Spring Chickens, live and dressed.

Will be open Tuesday evening.
SKELTON GROCERY CO.,
Home Phone 306; Bell Phone 315.

SODA WATER SYRUP IMPURE.

Astounding Results of Analysis at Connecticut Agricultural Station.

New Haven, Conn., July 14.—The chemists at the Connecticut agricultural station have found that out of ninety-two samples of soda water syrups examined from local fountains fifty-six contained glucose, salicylic acid or coal-tar dyes and artificial flavors made from chemicals instead of fruit.

Drinking these poisonous syrups produces diarrhoea and indigestion. In a single glass of soda water the chemists found enough red bordeaux dye to dye a six-inch square of woolen cloth a most brilliant color.

To avoid the effects described in the above, lovers of soda water should take the precaution to see that they get only the pure fruit juices. Mr. A. C. Aurentz, of 18 West Berry street, is a pioneer in the advocacy of pure soda water and has never used the extracts, etc., as most other dealers do, but has always put only the pure fruit juices into his syrups. His patrons appreciate his care in this regard, for thereby they have been able to indulge their appetite for soda without suffering any evil consequences.

NEWS IN POLICE CIRCLES

FOUR DRUNKS AND TWO VAGS BEFORE THE MAYOR.

Officers Working on Clues to the Heersche Robbers—The Policy Game.

Mayor Scherer was confronted by six prisoners when police court met this morning. Four of the prisoners were charged with drunkenness and two with vagrancy. John Allen, a drunk arrested by Superintendent Gorsline Saturday evening in the Weber hotel, was assessed a fine and costs amounting to $11, and settled. Allen was making trouble at the Weber when Superintendent Gorsline happened along and placed him under arrest. Anthony McGinnity, Joseph Collins and August Dammeyer are the names of a trio of Sunday drunks arrested by Officers Paul, Murphy and Heller. They were sent to jail for twenty-one days. James Kelley and John Burns, vagrants, picked up by Officer Greer, were sent to jail for sixteen days.

HUNT FOR ROBBERS.

The police department is still hunting for the men who robbed Herman Heersche's saloon last week. Little by little clues are being placed together until the officers now have a pretty concise idea of who they are hunting for, although they refuse to give names. Detective Coling is devoting much of his time to hunting these clues and if the fellows are still in the city or in any of the near by towns the police believe they will soon be in jail.

THE POLICY GAME.

The trial of the policy ticket peddlers will occur next Friday before 'Squire Ashley, of St. Joe township. Meantime the police are keeping a sharp lookout, but it is intimated that the agents of the Covington company are still doing business on the quiet, although the police officers cannot locate their tickets.

PURCHASE CHURCH PROPERTY.

The trustees of the English Lutheran Church of the Redeemer purchased the lot at the corner of Washington and Fulton streets upon which the church stands, from George C. Taber on Thursday of last week. The sum paid for the ground was $5,000, and considering the advantageous location of the property, it is considered a great bargain. The church has a large and growing membership and within a few years expects to erect a new and more commodious structure to accommodate the congregation. Next year a number of improvements will be made on the present building. It will be raised several feet and a basement will be added, to be used as a Sabbath school room and lecture room. The congregation also will erect a parsonage in the rear of the lot and make other improvements on the property.

Dr. and Mrs. D. W. Moffat and little son, Will, leave this evening for Charlevoix, Mich., where they intend to spend a few weeks. The session of the church will provide for a supply for his pulpit during his absence and next Sunday, Rev. J. M. Seymour will preach. Rev. Seymour was formerly pastor of Plymouth Congregational church in this city, but some time ago took charge of a Presbyterian church in Ohio. He is visiting his daughter, Mrs. Paul Mossman, of this city.

THE QUALITY COUNTS

In every case. Quality is the greatest attraction in our BUILDERS' HARDWARE. The magnet of moderate prices and the quality of the material we have draw the approval of all who know the real value of good hardware. If you are buying for short use, don't mind quality, but if you want something to last and give service, come and see our line of strictly high-grade BUILDERS' HARDWARE. Al artistic designs of the very latest pattern. All filled with goodness and quality and wear. On these goods we have but one price, and that is the right price.

After you make your selection and receive our figures you will admit that we give you more for a dollar than a dollar ever bought. It will repay you to call on us if you intend to build a new home or repair the old one.
